The following note was made by me on the Abstract of this years Accounts sent to the Proprietor - C. Pile

The 2 old Accounts in the above list have been due for such a length of time & being irrecoverable from the insolvency of the parties, it is respectfully submitted to the Proprietor that they be written off the Books - And that the nominal Value of the Estate be likewise written off; so that in future nothing may appear on the list of Balances, but what might be actually due to & from Colleton's Estate in the Islands -

This having been assented to, the Debts & Plt. Value are written off F. 12
