

practice will keep him out of the running for a few days. McClintock may also get a chance to work behind the bat. McConihe is showing good form in the infield and has been working out at the third sack. Hastings, Smith and Kent are all showing good form in practice.

One of the most likely candidates for an infield position is Weldon Hankinson, a Freshman. Hankinson has had a lot of experience and great things are expected of him. "Hank" is also a batter of some renown.

#### Plenty of Outfielders

Murray has plenty of outfielders to take care of the long drives. Baylor, Weber, Locke and Ullom are working into shape for the long distance positions. These four men can be supplemented with Essick and Smith of the pitching staff. Schmuck can also be used at first in an emergency.

#### Plenty of Swatmen on Squad

Opposing pitchers will be troubled with some of the members of the squad when they swing their bats at the ball. Last year the team hit the pill on the nose quite heftily and if Old Man Jinx does not camp on the trail of the Purple this year fans will see some mighty drives to the outfield. Baylor, Hankinson and Schmuck rank among the top-notch swatters.

#### New Equipment Ordered

Orders for new equipment have been placed with the A. G. Spaulding Co. Six new pairs of baseball pants, a new catcher's glove, a mask and a new first baseman's mitt have been ordered. A dozen bats are also on the way. The new trousers will be the same as the ones which were procured last year.

#### Two Men for Catcher's Position

Wharton and Rupert are trying out for the job behind the bat. Wharton held the catcher's job on the local High School team for two years. Both he and Rupert bid fair to do justice in receiving pitched balls. Wilcox, who was unable to return to school this year, caught last year.

#### May Day Game with Local Team

A part of the May Day celebration which will be held on May 26th will be a game between the College and a local team representing the merchants of the city. The manager of the team is Lester Burns. A merchant will provide a suit apiece and the whole outfit will represent a dozen or more firms. As far as is now known they will play under the name of the "Ashland Merchants."

I had no time to write.  
So Saturday I simply wired,  
Collect, "Am quite all right."

Some few days later came a box  
Collect, just like my wire.  
Heavy! It cost me seven bucks  
To pay the charges dire!

Within were ninety-seven bricks,  
Also this letter kind:  
"Dear son, we're sending you the load  
You lifted off our mind."

What is the difference between, "I will  
hire a taxi and I have hired a taxi?"  
(Knowingly), "About six dollars and a  
half."

#### HOW BIG?

Man in hardware store—"Quick! Give  
me a mouse trap; I want to catch a  
train."

"Isn't that your roommate over there  
kidding that colored dame?"

"Oh migosh. I just knew he'd make a  
fool outa himself if he ever went out  
alone. He's color blind, ya know."

young women who under the unfailing di-  
rection of Mrs. Haun are able to present  
superior programs. No little part of the  
credit for the success of the Club is to be  
accorded to Mrs. Haun.

To those friends of the College in the  
various cities that were visited the author-  
ities here and the members of the Glee  
Club are most grateful for the many kind-  
nesses and the interest in the welfare of  
the Club shown by their hospitality. Din-  
ners served gratis and conveyance fur-  
nished made the trip as nearly a financial  
success as possible.

#### YOU'RE RIGHT

The grammar teacher was explaining the  
use of the subject, predicate and object.  
After a detailed dissertation she began  
making up sentences and asking the sixth  
graders to identify the component parts  
of speech. At last she came to the dumb-  
bell of the class.

"Eldorn, take this sentence: 'Johnny  
refused the pie.' Now what was John-  
ny?"

"Johnny was a darned fool," came El-  
dorn's unexpected reply.
