

Pickups From The Glee Club Trip

"Papa" Ralph Norman Thauvette, songwriter, athlete and bandman extraordinaire, while sojourning in the little city of Altoona had the pleasure of taking home one of the city's fairest, after sitting in the flame of the firelight in her domicile for a few hours two very small children, disheveled and somewhat the worse for wear put in their appearance and in somewhat plaintive tones asked their Mama to prepare their toilet so that it would be possible for them to retire. The one questioned proceeded to acquiesce to their demands, and upon completing the task returned to our hero, Hank's presence. After allowing several hours to elapse in pursuing intellectual thoughts our boy Hank departed taking with him the kindly thoughts of Mother and offspring.

Brother Klingensmith, member of our tennis team and a cohort of all gleeclubbers, had a very harrowing experience while in Johnstown last week. He had a date with a young social climber of the city and had arranged to meet her in the Bachelor Parlors of the City Bank. He arrived on time but states that the city girls really aren't responsible for their actions as she tried to force him to elope with her. Needless to say, our friend Ray, Wally, or what have you, resisted all her advances and left her presence in the haughtiest manner.

Lincoln has his slates and coal shovel, Napoleon his Waterloo, but say folks "you ain't heard nothing yet." Arthur Carey, well known

character on the A. C. Campus, spent an entire evening in pursuit of a comprehensive scanning of Webster's Unabridged Dictionary while on his Glee Club Maneuvers. Scene—A certain urban home in Johnstown, Pennsylvania. Characters—Arthur, himself, and Miss Elinor Pitts. Time—Not certain, but approximately one thirty in the A. M. Address—266 Highland Avenue.

Red McKinley has a few words to say on the Hygiene of Restaurant Waiters but space prohibits all the remarks in detail. However, we will say that although Clara Bow might possess "It," she really hasn't anything on Ray Novotny when it comes to osculation.

ISSUES CHALLENGE

Anyone who claims to be a champion Flinch player is hereby challenged to lay his or her (preferably her) cards on the table. Those assuming such a role are requested to leave their phone number with the managing editor of this paper.

The challenger is no one occupation man either. He also challenges any coffee taster in the school.

Any one wanting to dethrone the champion will be given the privilege of a public trial.

The secret of success is largely in the ability to see the approaching thing first.

Some men are born great, others achieve greatness, and still others—just grate upon you.—Jack O'Lantern.

TRAILING THE ATHLETES

BY CASEY

Old Man Weather seems to be playing a leading role in our enforced lay off from baseball activities.

—T—

Tommy Bender, diminutive letter man of last year's squad, reported for duty this week, and will no doubt assume the old lead off responsibilities for A. C.

—T—

We wish to announce to one and all, that henceforth and forever, our old friend Pete Dybo, has been christened "Teddy," due to his Collegiate activities. We hope that Ted's many friends will help him acclimate himself to his new name.

—T—

Tennis enthusiasts are hereby duly notified that the courts are rounding into fine condition under the noble efforts of our little Freshmen cohorts.

—T—

Manager Dybo, our baseball man, is spending many long hours laboring with his men on the baseball diamond. He's had the boys out one day so far this year, but predicts action as soon as they recover from the previous ravages of manual labor.

—T—

George Donges is assisting Rosie Starn with his Ashland High School track team. George has had quite a bit of experience in this line of athletics and will no doubt prove a big aid to the coaching staff of the local High School.

To all appearances and taking into consideration the proof exhibited in last week's Collegian, we the college students of the United States are not collegiate.

Question: What are We?

—T—

The No-No Boys, Hank and Ray, are with us again after a torrid ten-day trip with the Glee Club.

Anyone thinking that Keny Stouffer and J. Ward Pfeiffer are in their training regulations should see them doing road work in the evenings on the Mansfield highway.

DISPLAY INTEREST IN VARSITY TENNIS

Attractive Five Game Schedule to be Announced Next Week by Coach Schmuck

Much interest is being displayed in men's varsity tennis this season, especially since several regular places are open because of graduation and other letter men failing to return to Ashland, it was announced by Fred Schmuck, director of athletics.

According to Coach Schmuck's plans, he has arranged five games with other colleges this season. He will announce the tennis schedule next week.

Among the varsity tennis men remaining from last year are Ray Novotny, Rex Culler, and Myron Kimmel. New material, which is said to be very strong, is to be found on the campus.

Group Consists of 16 College Men and Women; May Day is May 25

Miss Opal Rupert, 1929 May Queen, has announced her attendants on May Queen. As has been the custom in the past, 16 members of the college make up this group—eight men and eight women.

The attendants are: Robert Riley, Donald Carter, Harry Reuben Wike, Ralph N. Thauvette, Noel E. Shaffer, Frank Lonero, Warren Berlin, Melvin Worst, and Misses Elizabeth Black, Mary Fluke, Dorothy Oberholtzer, Elizabeth Junk, Lucetta Hibbs, Betty Nowag, Sue Owens and Christine Witter.

Rain Washes Out Practice Sessions for Past Few Days

HEAVY SCHEDULE

Strawberry Johnson and Russell Slated to Start in Opener

Batteries for Ashland: Strawberry Johnson and Earl Russell. At least that's what the ump will probably howl as Coach Fred Schmuck's 1929 ball team gets under way on the college diamond next Saturday against Kenyon College. Once more the fans will hear the crash of horsehide against ash or maybe a dull thud in the catcher's mit. Anyhow, the baseball season is here again and the Purple Titans are all set to get off on the right foot against Kenyon of Gambier, O.—a team with quite a local reputation.

Rain for the past several weeks combined with cold weather seemed to threaten the baseball hopes of Coach Schmuck. However, real baseball weather soon made its appearance and the aspirants for positions are getting into form for the heavy schedule which opens with the Kenyonites.

According to the diamond schedule, nine games are to be played during the month of May. The remaining two games are in April and June 1 with Kenyon and Heidelberg, respectively.
