## New Enrollment Passes 200 Mark

New Students Here for Second Semester Swell the Number to 202

Enrollment at Ashland for the second semester has all indications of exceeding the unprecedented enrollment at the beginning of the first semester. Inquiry at the office of the President on Tuesday last gave the information that eight new students have registered for regular college work during the second semester.

The increase in enrollment in the College in the past two years gives very gratifying conviction that the program for a greater Ashland College is meeting with splendid success.

The new students who are entering the College this term are from widely separated places. Indiana, Kentucky, West Virginia and Ohio are the states represented by the new students. A list of the new students and their homes is here given:

Miss Alice Wogoman, Brookville, Ohio.  
Mr. Cornett, Lost Creek, Kentucky.  
Miss Florence McIntosh, Lost Creek, Kentucky.

Miss Arnold, Oak Hill, West Virginia.  
Miss Coleman, Oak Hill, West Virginia.  
Mr. Coulter, Goshen, Indiana.  
Mr. McMillin, Ashland, Ohio.  
Mr. George Woods, Ashland, Ohio.

### Enrollment Passes 200 Mark

With the addition of the new students who are entering for the second semester the enrollment of the College has been boosted over the 200 mark. This is the largest number of students that were ever enrolled in the College of Arts, Science, and Seminary, it is thought. This number is exclusive of the students enrolled in the Voice, Piano, and Expression Departments.

This number is also an increase of 82 over the largest enrollment recorded for the year 1921-22. As yet this influx of students has not been adequately provided for; but as soon as the new building with its better equipment can be occupied conditions will not be so crowded.

## NOTED LECTURER GIVES OPTIMISTIC ADDRESS

Granville Jones Asserts that World's Becoming Better

Wednesday morning, January 24, Granville Jones, prominent lecturer on the Red-path Chautauqua platform, addressed the College students in Chapel.

The greatest sentence in all literature asserted Granville Jones is, "In the beginning God created the heavens and the earth." The next greatest then, according to the speaker is, "I make a new heaven and a new earth." "Men and women are in that business now," said Mr. Jones. He then called attention to the many finger prints which are now in evidence as a result of those who have gone before creating a new earth.

### Old World Changes

"This is not the same world I was born into," said Jones. "There was slavery in those days. . . Men were cast into prison because of debt. . . The emancipation proclamation eliminating involuntary servitude was not in existence."

"Man has been given the greatest privilege possible, that of being a co-worker with God." He exhorted his listeners to have a boundless pride as knight heirs of God."

"We are going to make a new United States. . . Banish crime, empty every prison. . . Eradicate disease that men and women will wear out instead of dying out of some fool disease."

Granville Jones is a native of the mountains of Arkansas. He is a remarkable character. His appearance at the Opera House Tuesday evening made it possible for him to remain in the city long enough to speak before the student body of the College. Most of his time is occupied as a lecturer on the chautauqua and lyceum platform.

## Boardman Sends S.O.S. to Ashland

A Communication from Rev. Boardman at Rio Cuarto, Argentina, tells of the Great Need There

The Argentine needs workers most urgently. We have points where work has been established for some years, others only some weeks and we do not have men enough to go around. We hope to start a big central work in Buenos Aires in the near future and we'll need an experienced, well prepared North American there. WHERE ARE THE MEN? Ashland isn't running dry yet, I know; but someone with a burning heart will have to stir up

EDWIN BOARDMAN

the fighting blood of the "Old Gang" so that they will clench their teeth, get a vision of what there is to be done, and then go ahead and do it. Oh MEN! MEN! I wish I could show you the field where the Gospel "Must be preached for a witness" while the Lord tarries,—and I am sure you would be of the number who must come and fill the breach. WHY NOT HAVE AN ASHLAND IN THE ARGENTINE?

This is a place for converts with all kinds

## SAD DEATH OF PAUL COVER ON WEDNESDAY

Son of Rev. and Mrs. A. B. Cover of Washington D. C.

Students and members of the faculty at Ashland were shocked on Wednesday morning last, to hear of the sudden and untimely death of Paul Cover, who died at the Samaritan Hospital of this city. Mr. Cover was taken sick Sunday evening with tonsillitis and was pronounced on the road to recovery by Dr. Ensign on Tuesday. His condition suddenly changed for the worse on Tuesday night and the doctor advised his removal to the hospital on Wednesday morning, where death came shortly after. Death was due to complications leading to dilatation of the heart.

Paul Cover entered Ashland last fall from Washington D. C. His parents, Rev. and Mrs. A. B. Cover are both graduates of Ashland and Paul attended the public schools here in his early life.

The many friends that Paul made during his short stay here lament the loss of a sincere friend and fellow student. His quiet and amiable personality won for him the respect and admiration of all with whom he met. Rev. Cover is the District Superintendent of the Maryland and Virginia divisions of the Brethren Church.

He was interested in religious work and was a member of the Y. M. C. A. His friendliness and willingness to help leaves in the minds of his acquaintances memories which are wholesome and enduring.

His father and mother arrived last Thursday to take the body of their son to their home in Washington D. C., for burial. Funeral services were held for the departed at Gilbert's Chapel and Ashland students attended in a body to pay their last respects to their friend and fellow student.

## Varsity Tumbles Over Mt. Union

Lose Out in Second Period After Besting Opponents In First Half

In one of the best games of basketball that has ever been played on the College gymnasium Mount Union defeated the Purple here Saturday, January 27, by a score of 28 to 19. A large crowd witnessed this splendid exhibition of basketball.

Pandemonium reigned in the final period when Mount began to overcome the lead that the varsity had gained in the first half. Ashland led at the end of the first half by a score of 11 to 9. High class basketball predominated throughout the entire game.

### Ashland Penetrates Mount's Defense

The Murray men penetrated the much touted defense of the Mount Union stalwarts repeatedly in the first period, and succeeded in gaining many shots from under the basket. Ashland's defense worked smoothly in this period. Attempts to break thru by sending men into the corners followed by a pass to a man behind center were repeatedly smashed by the Ashland guards.

Ashland played a strong offensive game in the first two minutes but was unable to put the leather in the hoop. When Mount gained possession of the ball two baskets were made in quick succession. Ashland braced however and the Wood, McClintock, Curry combination began to roll in the counters.

### Mount's Comeback Wins in Second Period

At the opening of the second half Mount Union uncorked all she had and scored the first basket of the second period. A foul basket placed the visitors one point in the lead. Curry made a basket that again put Ashland in the lead.

The play see-sawed back and forth, neither team being able to score for a few minutes until the Alliance men opened up with a volley of shots that overcame Ashland's slight lead and cinched the game.

Mount Union thruout the game had more shots than Ashland altho the Ashland shots were from better positions as a rule.
