

## Y. M. C. A.

The Y. M. C. A. meeting Tuesday night, January 30, was, indeed a real surprise party as announced. The surprise took the form of an impromptu debate. The question placed before the "Y" men was: "Resolved, that complete student government is a final solution of the problem of college discipline." The President took from a ballot box the names of those who were to discuss the problem. Those on the affirmative were, Walton, Reed, McAdoo, and Ullom. Those that upheld the negative were, Presnell, Pontius, Landis and Pfeiderer. Some fine arguments were given on both sides. No decision was given altho the popular vote was decided in favor of the negative after they had heard Mr. Pfeiderer's speech. The meeting was unique and was enjoyed by all. If nothing interferes the much-longed-for social will be given soon.

## INDIAN CLUBS ADDED TO GYMNASIUM EQUIPMENT

Indian clubs are soon to be heftily swung by the members of the women's gymnasium classes. The clubs, which number fifty pairs, were ordered recently and are to be a part of the regular equipment of the gym work.

The girls' gymnasium work is under the direction of Miss Katherine Teeter.

DELOZIER SPEAKS ON  
FAVORITE TOPICLecture on "Idioms" is  
Instructive

Students of Prof. A. L. DeLozier, Professor of Romance Languages, know that he has a favorite subject which engrosses his interest in the pursuit of his studies in modern languages. That favorite subject is the use and comparison of the many idioms of the different languages.

Chapel on the first day of the second semester was addressed by Prof. DeLozier and the students were again led to an appreciation of the nature and the use of idioms.

This time the speaker called attention to the use of idioms in the Bible and then proceeded to show that such idioms are in common usage today. He also demonstrated the fact that many of the idioms that we use in the English language have parallels in other languages, by the citation of numerous examples. Many of the idioms given were humorous.

Prof. DeLozier explained in closing that idioms were for the most part unexplainable and that also some are made by the humorous extension of the thought.

## "MOTHER ASKED TOO MUCH"

A little fellow after his first day at school proudly announced to his mother that he could write, and to prove it he made some scrawls on a sheet of paper. "But what does it mean, dear?" she asked.

"How do I know?" he said. "I haven't learned to read it yet."

DAYTON U. EASILY  
DEFEATED BY PURPLEAshland Stalwarts Win Easy  
Game by 38-23 Score

Dayton University was easily defeated by the Purple and Gold basketball team in a closely refereed game in the College gymnasium January 19, by a score of 38-23. The Murray men took the lead early in the game and had no difficulty keeping their opponents' score a safe distance from them.

Coach Murray sent a newly developed combination into the game which proved more than successful. Wood was placed at center and McClintock was sent forward as a running mate of Captain Curry, while Kellogg and Hoot were kept at their usual places at guard.

## Close Guarding Features Game

Both teams played a tight guarding game under the basket. Players resorted to long shots for points early in the game.

Ashland scored nine points before the downstaters had a point to their credit. The Purple exhibited skill in the fundamentals of the game. Good dribbles, pivots, and swift passes were the features of the game.

Ashland was leading at the end of the first half by the score of 21 to 7. The Purple made an average of twenty-five percent of their shots in this half. Seven baskets were made out of twenty-eight attempts.

## Dayton Makes Comeback in Second Half

In the first part of the second half the Purple kept the ball in their possession most of the time, but Dayton soon began an offense that broke up the Ashland defense and resulted in scores.

The locals soon recovered however, and kept the lead safe until the end of the game. In this half also Ashland was up to shooting form. Four field baskets were tallied out of twenty-two shots.

Lineup and summary is as follows:

| Ashland—38 | Dayton University—23 |

PROGRESSIVE SERMON BY  
H. H. WOLFORD SUNDAYSpeaker Says We Need "Con-  
tinued Religion"

"Just as God continues his work on all days of the week, the church also must continue her work on seven days," Prof. Wolford said in his sermon here Sunday morning. "If God would withdraw but a single moment from the universe, a terrible condition would ensue," he said. He went on to prove that if we are to believe that God is still working in the universe, we must believe that he IS and WAS. He set forth very convincing arguments to show that God is still working or our faith is blasted. "We must believe that God is active now as well as when he created the earth." "When we realize that God is a great Dynamic force we will secure more faith," he said. He continued by stating that the church that believes that God is a static force, is dead. "All nature speaks for the greatness of God's wisdom and activity."

His first conclusion was that God's work is good. "We may not now realize the things that we at one time shall understand," he said. His second conclusion was that God's work is progressive. "We must realize that God's work of today is greater than his work in the past and that he is accomplishing something or God is dethroned," he asserted. "Christ came into the world to carry the work a little farther." "A faith in God demands that God is working," he said. Times may be discouraging but they speak for progress for in the past, they were far worse." "It is my hope that the leader of the new movement of the Gospel, be the church," he asserted. He went on to show that just as the Christ carried on all of his work in love, so should we also carry on our work in brotherly love. "We should hold to the task that God has given us so that God's work may be carried out," he said in closing.

## Y. W. C. A.

Under the leadership of Miss Harriet Becknell the Y. W. C. A. held their meeting, Tuesday evening, January 23.

Mrs. Bradfield read a paper entitled, "Health and Happiness," wherein she pictured the girl as the shopper, the world as the city, with health and happiness as the medium of exchange. "The shopper must guard her treasures, and not buy bargains for which she must pay during the remainder of her life."

Miss Frieda Price led the girls in the Bible study and discussions, after which Catherine Teeter sang a vocal solo.

About 50 girls attended the Y. W. C. A. meeting Tuesday evening, January 30, to learn how to "Choose a Mate."

Mrs. Wolford gave an inspiring heart to heart talk to the girls, impressing upon them the care that such a choice necessitates. "Upon this choice depends your happiness, because you are choosing for life," she said.

The Bible study was led by Esther Kendig, the topic, "Choosing a Life Work" was correlated with the other topic, "Choosing a Mate."

A piano solo was rendered by Marie Owens.

The last topic of this series, "Building a Home" will be discussed next Tuesday evening, after which a get-together meeting will be held.

I went to a fountain with Mary,  
And met with an awful mishap;  
For I awkwardly emptied a bottle,  
Of soda all over her lap.  
But Mary was gentle and gracious,  
(There are few so tactful as she),  
For, smiling with perfect composure,  
Said sweetly, "The drinks are on me."
