## Capital Downs Ashland In Stormy Battle

Last Saturday night was the stormiest night an Ashland College basketball team ever experienced. The Eagles played Capital University on a night when they could not miss on any of their shots. Although the Eagles scored a point a minute, the "Caps" more than doubled the score, coming out on top 85-40. Kalish and Geist, both of Capital, led in scoring with 19 and 18 points respectively. Phil Smith led our team with 13 points.

## Intramural Sked Revised

A revision in the intramural basketball sked was necessitated by the late entry of the Y. M. C. A. into the competition. The schedule for the remainder of the month follows:

Jan. 16 Y. M. C. A. vs. Seminary  
Jan. 20 Gooch vs. Y. M. C. A.  
Jan. 22 Gooch vs. Math

### Notice

As Ashland College's part in commemorating the life of Dr. James Naismith, the inventor of basketball, a collection will be taken up at the Ashland-Ohio Northern basketball game this coming Thursday night. The money will be turned over to the National Fund which will be used to build a memorial at Springfield, Mass., honoring the late Dr. Naismith.

## Conquest of Darkness!

ONE OF THE GREATEST STRIDES TOWARDS HARNESSING ELECTRICITY, AND MAKING ARTIFICIAL LIGHT POSSIBLE, WAS BENJAMIN FRANKLIN'S SIMPLE EXPERIMENT WITH A KITE AND A KEY IN A THUNDERSTORM!

THE SUNLIGHT OF THE REMOTE PAST WARMED AND LIGHTED MAN TODAY!... FOR, WHEN COAL IS BURNED IN LARGE PLANTS FOR GENERATING LIGHT, WE ARE USING SOLAR ENERGY, STORED FOR EONS IN THE TREMENDOUS PLANT GROWTHS OF AGES AGO!

THE INGENIOUS APPLICATION OF LIGHT WAS THE GREATEST SINGLE CONTRIBUTION TO THE TWO WORLDS FAIRS!!

A BRIGHT SOURCE OF LIGHT AFFECTS CERTAIN MUSCLES IN INSECTS, WHICH DRAW THEM INTO ITS RAYS!!

## Coed Sports

If you see some of the coeds flying over to the gym (I am sorry Professor Donges; it is gymnasium) every Wednesday evening about four o'clock, you better tip your hat because they are working for that grand All-Star game. The All-Star game will not be held until the last of March so that all the girls can be in perfect trim. You will be surprised to see some of the girls' shooting ability. (Basket crazy, may be.)

To be eligible, the girls must attend three-fourths of the practices. At the present time the girls who are eligible are Au, F. Bennett, King, Adams, Hartzler, Saylor, Crumley, Oswalt, H. Bennett, Crawford, Sackman, Oney, Merwin, Byrnes, Gates, Carpenter, Kreider, Levers, Hood, and Russell.

Bennett, Hartzler, and Crawford are the outstanding guards. Oswalt is playing forward this year for the first time and is doing a swell job of it. We have another bombshell Carpenter with us, too. Come on all you girls. You need some exercise. Remember you must attend three-fourths of the practices. We need Foust, Eccard, Sheets, Cotheren, Drushal, O'Neil, and some more of you gals.

## W. A. A. To Honor "A" Club

The W. A. A. is planning a supper for the "A" Club and a farewell for all the boys who are leaving us to aid Uncle Sam. This meal will be held Friday night, January 23, in the Social Room. The exact time will be announced later.

Will the committees start working at once? Program committee: Jane Flaherty, chairman, Marjorie Otter, Rosemary Zimmerman. Eat committee: Mary King, chairman, Jane Cross, Betty Hood, and Margaret Stranahan. Decoration committee: Mary Jane Foust, chairman, Anna Gates, and Florence Dale.

## Ice Skating Attracts Many

During the siege of sub-zero weather of the past week, not all the students were huddled up beside radiators, hibernating until warm winds should blow again.

Regardless of the severe cold, ice skating attracted many of our students including: Dwight Stoffer, Lewis Coover, Betty Brugh, Phyllis Maust, James Shumaker, Richard Creamer, Delbert Mellinger, Olivia Racey, and Thomas Stoffer.
