

Exterior Work on Library Is Nearing Completion

Plastering Begun This Week

What is perhaps the most gratifying progress on the new Library and Administration Building, which is being erected to the east of the old Administration Building, has been made in the past few weeks.

The building which is a 60 by 100 red brick structure is now almost entirely covered with a slate roof. The steel steps at the entrance of the building have been set. The large double shaft elevator which was used to carry building material to the second and third floors has been taken down.

Windows on the second floor are in and the frames on the first and third floors are also in place and ready for the windows.

The steam and ventilator systems are being installed at the present time.

Supt. Haverfield announced this week that plastering on the interior of the second floor would begin this week.

As the building nears completion its advantage as an addition to the other buildings of the College can be more fully appreciated.

WHAT'S THE USE?

Rub—"Dobbs never gets mad."

Dub—"Is he that little?"

TROUBLE NEVER PICKS
ON THE MAN ARMED WITH
COMMON SENSE AND MONEY

A man possessed with common sense also owns a good appearance.

If your "front" isn't what your friends think it should be, get into one of the sprightly, stylish, expertly designed suits that we are offering at satisfactory prices and stop running on low gear. Speed up a bit.

KENYON TUMBLES VARSITY FROM WINNING STREAK

Ekes Out 26-23 Win in Fast Game on Home Floor

The varsity struck a tartar when they bumped into the Kenyon College quintet on the home floor the Friday before the opening of school. After being badly outscored in the first half the Purple stalwarts came back with a vim that forced the Kenyon cagers to the wall and only allowed them to get away with a bare win. The final score was Ashland 23, Kenyon 26.

The game was the fastest and best that has been played in the College gymnasium so far this season. Both teams demonstrated their ability as accurate passers and all around players.

Altho Ashland was outscored by 18-7 at the end of the first period the game was not so one sided as the score indicates. The chief difficulty of the Purple was in poor shooting. Ashland made but one field basket out of 24 attempts while Kenyon made eight out of 32 attempts.

Kenyon Outplayed in Last Period

With the opening of the second half the Ashland five played better ball than in the first period and when one started the scoring with two field baskets in rapid succession other players followed with an avalanche of baskets that threatened Kenyon's lead and safe margin.

Ashland had possession of the ball more than Kenyon in this period and the defense system was working to perfection.

The Kenyon team stiffened in the last five minutes and neither team scored a basket in that time.

The downstaters put up some of the best basketball that will be seen on the home court this year.

The lineup and summary of the game is as follows:

Ashland—23		Kenyon—26	
Curry	rf	Small	
Hatfield	lf	Gorsuch	
McClintock	c	Harris	
Hoot	rg	Crane	
Kellogg	lg	Evans	

Substitutions: Kenyon—Crane for Evans.

Field Goals: Ashland—Curry 4, McClintock 2, Hoot 2; Kenyon—Smith 5, Gorsuch 5, Harris 1.

Foul Goals. Small 4, McClintock 7.

Referee—Fry, Oberlin.

A farmer's best cow was called "Zephyr," She seemed such an amiable hephyr.

But when he drew near,
She kicked off his ear,
And now the old farmer's much dephyr.

Two Speakers At Recent Morning Chapel Exercises

Miss Bickel and Mrs. Cole Steele Speak to Students

Friday morning was marked by the speeches of two noted women in chapel. Chapel this morning, was lead by Mrs. Katherine Cole Steele, a member of the Professional Woman's Club of Boston and head of the Department of Expression at Ashland College.

Mrs. Steele spoke on "Joy in Our Work." Her first contention was that work was a gift from God and that Christ associated with workers. She went on to show the difference between mental and physical work. She proceeded to divide mankind into two distinct groups: those who have assurance and those who labor under a great fear. "Is the reward of labor in the material gains that we secure from labor?" she queried. "No, the reward of labor lies in the hearts of our friends," she answered. "The joy of work well done is worth thousands of material gains," she argued.

She referred to Miss Bickel by saying that surely she must have realized the joy of her work and have seen the vision to attempt such a task as she is, by going as a missionary to Africa. Mrs. Steele closed her talk by reciting a famous poem of Kipling.

Dr. Jacobs continued with a speech introducing Miss Bickel, a world missionary volunteer. "It is worth while to look into the face of one who has a fixed purpose in life," he explained. He said that he hoped that someone of the institution might be imprint. He said that there are seven Volunteers for Africa in the college at this time. The introduction was concluded by assuring Miss Bickel that she carried the school's greetings to the workers in Africa.

Rev. Bickel Expresses Loyalty to Ashland

Miss Bickel began her talk with a pledge of loyalty to her Alma Mater. She said that even tho she no longer knows any of the students, she enjoys every line of the "Collegian." She went on to tell of the school when she was here. She told of the young students who took great interest in religious activity at that time. She also spoke of the ignorance in regard to the work of the Student Volunteer Band. "My work has been a joy all the way and I hope yours will be also," she said. "If proper heart is taken in the work, we are bound to find joy."

She spoke of breaking home ties to continue life work. "What is the breaking of home ties when we are working for Christ?"

POPULAR ENTERTAINER HERE FOR Y. M.-Y. W. MEETING

Mrs. A. L. Cloyd of Mans- field Comes Here for Successful Meeting

Mrs. A. L. Cloyd delightfully entertained the Y. W. and Y. M. O. A. at a joint meeting Tuesday night, January 16-23. This meeting was attended by a large crowd, the dormitory being represented to almost a hundred percent, and many being there from outside the dorm. The true appreciation can best be given by saying each number was applauded soundly and a collection of six dollars taken up.

The program was as follows:

Solo Miss Rutt
The Messenger-boy's Route .. Mrs. Cloyd
The Traveler's Return Mrs. Cloyd
Piano Duet Miss Teeter, Miss Lichty
The Wind's Soliloquy Mrs. Cloyd
Violin Solo Miss Schmiedmund
The Poet's Dream Mrs. Cloyd
The Blind Bird's Song Miss Cloyd

Mrs. Cloyd's visit here is one of a number of entertainments given by the Y. M. and Y. W.

NEW QUARTERLY PUBLISHED AND MAILED

The Ashland College Quarterly which has been published during the recent vacation has been mailed to all persons desirous of receiving a copy. Anyone who has not received the Quarterly can have one mailed to them by writing to the President.

The new Quarterly is known as the Student Activity number and informs of the organizations and activities which are not regarded as a part of the College curriculum.

"Gimme some insurance, quick!" gasped a man, rushing into an insurance office.

"What kind, life or fire?" queried the clerk, reaching for the blanks.

"Both—little of each. I'm smoking a cigar my boss gave me and I've got a wooden leg."

Chautauqua Lecturer Speaks At Church

(Continued from page 1)

Less Arrests

The number of arrests made as a result of drunkenness has diminished steadily for the last year. Christmas day of 1922 saw no criminals in jail in west New York on account of drunkenness. This for the first time in the history of the city. In 1922 two of the largest strikes ever known brought less suffering and crime than ever before in the history of the strike.

Better Living Conditions

As a result of prohibition, "Wage earners now buy machines where in the past they could not buy shoes." Home conditions are also much better than before the days of prohibition.

At present 735 building and loan companies have more than ten millions amassed which is more than ever before.

For the first time in the history of the world there are more saving accounts in the banks of the United States than there are heads of families.

Gomer is regularly employed by the Radcliffe Chautauqua but during a few of the winter months he spends his time going about over the country in the interest of the Anti-Saloon League.

Literary Society Hall Redecorated

(Continued from page 1)

In place of the plain form of the sides and background of the rostrum a Roman pillared effect has been produced that adds dignity to the appearance of the hall. The rostrum and furniture have also been re-finished.

J. W. Thomas and Son, a local decorating firm, was awarded the contract for the work. Each member of the society will be assessed a certain amount to pay for the renovation.

A special program has been planned for the formal re-opening of the hall.
