THE THIRD TOURNAMENT

The basketball tournament which is in progress this Friday marks the third milestone in such events for Ashland College. High schools have for three years contested for honors in an athletic way upon the Ashland College floor. Each year there has been growing enthusiasm from the members of the contesting teams and their supporters. Also there has been a growing interest on the part of College students in the outcome of the Tournament.

The basketball tournament is a distinct asset to Ashland College. It brings to this institution many persons that otherwise would never become acquainted with the College and is certainly instrumental in enlisting students from surrounding territory.

Each year the College opens its doors to the visitors and extends its best hospitality to them. This year is no exception. The College extends a welcoming hand to all who gather for the tournament. Let us hope earnestly that the best team wins and that we may all derive benefit from the competition.

The number of entrants this year is larger than ever before and by all indications this should be by far the best tournament that has yet been held.

The Pacific Coast Debating League, consisting of the Universities of Oregon, Stanford, and Washington, have agreed to debate the question, "Resolved, that the Federal Government should legalize the manufacture and sale of beers and light wines." That's the idea—Let the students settle it!

"The government of this country is not at Washington. It has never been at Washington. The government is where the people are. The court of last appeal is what the people think and feel, and that

MOOD FOR PIPE-ORGANIST
 Hills of Han! Hills of Han!
 Dragons of purple and dragons of tan,
 Lotus-ponds under the silvery moon,
 Rice-fields in spring-time and poppies in
 June,
 A nightingale singing of Love's first
 Spring
 Flooding the night with her carolling,
 Rosy-red maiden with fluttering fan—
 Oh—Shimmering Hills of Han!

A DIALECTIC DIARY

An unknown correspondent writes, "I enclose self-addressed envelope. Please send me the real name and address of Philip Space, as I want to shoot him." Sorry, but all communications to this column are strictly bona fide and we do not betray this confidence to unknown persons, the purity of whose motives might be open to question. Besides, Philip's latest production was not published in this column at all, so that removes the responsibility off of us. We are willing to admit, however, that we intended to publish it but were foiled by the make-up lady (SIC). It was set up in the last issue along with the regular column. But the make-up lady (SIC) probably thought that it looked like a joke and accordingly placed it in the proper place for such things.

COMPENSATION

My guy, he ain't so much
 On looks and everything
 But say you oughta pipe
 The line that he can sling.

He don't know much Greek
 Nor any Trig. at all
 But goil—you oughta see
 Him playin' basket-ball.

WHAT DO YOU SEE?

The other night we allowed ourselves to be hornswoggled into a down-town picture palace by virtue of some rather alluring South Sea Island posters. The show, as a matter of fact, could hardly have been any worse but there was this redeeming feature among the advertisements which saved the evening. As nearly as we could get it it read something like this: PIANOS TUNED, VOICE DIRECTED AND REPAIRED. ALL WORK GUARANTEED. Prof. Bohal, M. B.

We are going to look this guy up.
