DON'T LOOK for trouble unless you know what to do with it when you find it.

MODERN NATIONS are more interested in square miles than square deals.

THE LINE of least resistance never leads to success.

THOSE WHO talk too much of a family tree don't have time to saw wood.

AMERICA'S TWO chief troubles are the "melting pot" and the "jack pot."

SEVENTY-SEVEN PERCENT of the twenty-six hundred women students at Oxford have vowed that they will never marry. This has somewhat disturbed Dean Inge of St. Paul's Cathedral. In the thought of the Dean it is the Churchman's business to promote matrimony.

KANSAS WITH its forty years of prohibition has other records as well to be proud of. It holds the records for longevity in the United States. It has the most home owners per capita. It contributed the best men physically to the army. There is a reason and prohibition for forty

ty years is not entirely out of the secret.

HENRY FORD is on the job. He has discovered that ordinary milkweed contains rubber equally as good as that which we now import from the tropics. After the rubber is extracted Mr. Ford will use the remaining substances of the milkweed for thread, resin, and fertilizer. The milkweed has long been considered a pest and absolutely worthless. Such discoveries as this one of Mr. Ford would serve to illustrate that there is nothing altogether useless.

WHEN THE refitted Leviathan sails for Europe July 4, her passengers will pay

SCIENCE HEAD WILL TEACH AT CHICAGO U.

Prof. R. R. Haun Receives
Teaching Scholarship

Prof. R. R. Haun, head of the Department of Science, received notice this week that he has been awarded a scholarship in science at the University of Chicago during the summer term. He will take up laboratory work there.

Prof. Haun is a graduate of the University of Virginia and received his Master of Arts degree from Vanderbilt University. His work at Chicago will be taken for a higher degree.

WOOSTER HOME GAME PREVENTED

Rain prevented the game with Wooster which was to have been played here last Tuesday. The Wooster men had already arrived but the showers that continued through the afternoon precluded the possibility of playing ball.

The game was re-scheduled and will be played on May 22, two weeks from Tuesday.

DR. BAME DELIVERS ADDRESS IN CHAPEL

Philosophies of Life Discussed By Sponser of "Educational Day"

Urges Importance of Acquiring
Funds For College

Dr. Charles A. Bame, of Plymouth, Indiana, was here Sunday and Monday in the interest of the Educational Day campaign which is being put forward to obtain money for the financing of the College. The aim is to have a quota of one dollar from each member of the Brethren Church.

Dr. Bame delivered the sermon at the Sunday services and spoke at Chapel Monday morning to the students. At the Chapel services he read first from the Scriptures and then explained the Educational Day movement of the Church for the College. The importance of obtaining this money was stressed and students told to use their influence in putting the day over successfully.

Staff Elected For 1924 Year Book

George Pontius and Fred
McClintock To Hold
Responsible Positions

Both Men Active In College
Affairs

One of the most important elections of the year took place last Tuesday when the Pine Whispers Staff for next year was elected by the Sophomore class in a meeting after Chapel.

George Pontius and Fred McClintock were chosen to the positions of Editor and Business Manager respectively.

Mr. Pontius is from South Bend, Indiana, and came here in 1920. He finished his first year in school here but dropped out last year to return this year. Mr. Pontius is well known at the College, having been active in Y. M. C. A. work and being President of the local Student Volunteer organization.

Mr. Pontius is a member of the "Scribes" and stands well in all English work.

McClintock is a three sport man here at the College and has spent both years here. He plays an end on the football team, forward on the basketball team and is the catcher on the baseball team. He is well acquainted with the business men of the city and vicinity and should make good in his position.

"Pine Whispers" has taken a decided advance in the last two years. A large and well illustrated book has been put out and this year's volume promises as well. The new staff have a good foundation to build upon and a reputation to uphold.

EARLY HISTORY OF COLLEGE RECITED IN CHAPEL SPEECH

Plea Made For Further Development

In Chapel last Thursday morning, Milton Puterbaugh gave a brief resume of the history of Ashland College from the time of its founding up until the present

A. H. S. SENIOR GIRLS ENTERTAINED BY Y. W. C. A.

Fifty Attend Social Affair At
Dormitory

About fifty Senior girls of the Ashland High School were entertained by the College Y. W. C. A. Tuesday evening, May 8, at the Dormitory Dining Room.

The Cabinet girls, constituting the receiving line, met the guests at the dining room door. The following program was enjoyed by all:

Vocal Solo Beulah Rutt
Reading Grace McAdoo
Piano Solo Ruth Bekley
Reading Mary Brubaker
Vocal Solo Miriam Croford

After some time spent in getting acquainted, refreshments of cocoa and wafers were served. Before departing the guests made an inspection of the rooms which changed some of their ideas concerning the Dorm life.

LOCAL BUSINESS MAN SPEAKS TO Y. M. C. A.

President of Retail Board Expresses Attitude of City
Toward College

Gives Points For Happy and
Successful Life

At Y. M. C. A. Tuesday night, Mr. F. G. M. Mikusinski, who is president of the Retail Merchants' Association of this city, and who is one of the prominent men responsible for the football stadium drive in the city, addressed 25 men on a subject pertaining to the vital problems of life.

He began by first giving his impressions of Ashland College. After telling how he was first attracted to the institution by a type of athletic sport on one occasion, he continued by speaking of his added interest in the school. Ashland is now proud of her College, he said and furthermore he showed how the College is much more highly appreciated in the city than it once was.

Speaking of the vital problems which

Ohio Northern Wins 6-4 Game

Two Loose Innings and One
Bad Bounce Allows Opponents Six Runs

Fourth Consecutive Wins For
Northern

The crowd that saw Ashland go down to defeat to Ohio Northern last Friday saw the team that is rated the highest in the Ohio Conference. Two innings when the Northern men scored three runs accounted for the score of 6-4.

This game made the fourth consecutive win for Ohio Northern this season. Other teams that were defeated were: Oberlin, 15 to 6; Ohio University, 17 to 7, and Denison 14 to 3. Ashland's score of 6 to 4 is the lowest that Northern has been held to this year.

Captain Freddie Shemuck started the game and twirled great ball until the fifth inning when a batted ball struck him on the pitching hand and forced him to retire.

Wharton Knocks Homer

Sky Wharton made the first score in the second inning when he boosted the pill over the left fielder's head and came in at the plate standing up.

Weber was on hand as the greatest slugger of the day with three hits out of four times at bat. Essick who was sent in to replace Shemuck showed speed and control. Northern players barely hit the ball out of the lot after the fifth inning.

With the ninth inning the score stood 6 to 4 in favor of Northern and Ashland made a desperate attempt to garner two runs. The Northern pitcher had good support however and no Ashland runner crossed the plate.

INNING BY INNING

FIRST INNING—

Northern—Huisman walked, Huisman died stealing when Cooke failed to bunt. Cooke fanned. Folquist singled over second. So did Wander. Hammon fouled to Hastings; 0-2-0.

Ashland—Huisman's error let Weber on, McClintock sacrificed him to second. He reached third on Hankinson's out but died
