

the stadium besides the primary use as a football field.

Stadium Site

The proposed stadium is to be erected to the west of the Dormitory where there is a natural slope that can easily be converted into a stadium by the removal of a little dirt. It is not probable that the stadium can be fully equipped by the opening of the 1923 season but it is thought that enough money can be secured to complete the necessary excavation and the enclosure of the field. Further plans can then be made for the erection of a permanent concrete bleachers large enough to accommodate the crowds.

The uses of the proposed stadium are to be more than just for the athletic contests. The annual May Day pageant can be staged with much better setting than can be afforded on the campus. Further and probably the most important use will be its utility for civic affairs. If a seating capacity of two or three thousand can be assured it will accommodate more persons than any building in the city. Its use on Armistice and Independence Days alone will make it a valuable asset to the city.

Plans for Drive

The plans of the Merchants' Retail Association for the drive are complete and should bring results. On Saturday which will be known as Tag Day for the stadium, the entire city will be canvassed for the sale of the tags. Each tag will cost the buyer one dollar and will admit him to the game. The canvassers will not only cover the downtown district but will also sell the tags at the factories.

Erroneous reports have been current as to the cost of the proposed stadium. One such report has it that it is to cost \$15,000. The truth of the matter is that the cost is not known but at the most is not expected to exceed \$5,000, the latter figure to include the permanent stands.

HOOSIERS HOSTS AT INDIANA STATE FAIR

Give Splendid Party With College As Guests

In one of the most elaborate and laugh provoking spectacles ever presented on the campus, the Hoosier club entertained the entire student body and faculty at The Indiana State Fair. Written invitations were sent to every person in school. On each invitation was a suggestion for dressing so as to make the affair of a motley aspect. The student body responded and every type of mankind was on the grounds. 130 people besides the 23 members of the club, paid their admis-

viewpoint. He now gives his time to lecturing at various Ohio Colleges when his duties as a member of the faculty of Oberlin College will permit.

College Participates In Armistice Parade Each Class Has Float

Ashland College was splendidly represented in the Armistice Day parade by both numbers and floats. The Freshmen, comprising over half the students in school, had the largest delegation in line. The Seniors, however, had the float which showed the most pains according to the number to work upon it.

At the head of the delegation was the faculty and their families in automobiles. Immediately behind them came the Ashland College Football team in cars. Then followed the floats and students. The Seniors' float, a ship with PEACE written upon the sides created a sensation all along the line of march. The Seniors followed their float. The next float was by the Juniors in which they rode. They portrayed a scene in which Miss Victory Weds Ashland. The Sophomore float, a miniature football field, pictured the new stadium which Ashland promises to build for the College. A sign read, "A good team deserves a good place to play, do your part November 18." The Sophs followed their float on foot. The Freshmen, very loyal to their class, decorated their float in the appropriate colors of green and white. The float portrayed Miss Liberty. While to all sides of the float clung freshmen wearing their characteristic colors. Following it came other Frosh who could not find room to cling to the car. Their yelling along the line of march informed everyone who was not already aware of the fact, that this was their first year in the College on the Hill.

At the end of the College delegation, came the Defiance football team in cars.

Volunteers Thank College

The following resolution was adopted: We the leaders of the Northern Ohio Union wish to express our appreciation to the Faculty of Ashland College for their co-operation in making the fall retreat a success. We wish also to express our thanks to the Athletic Association for their kindness in giving us free admission to the football game. We wish to express our thanks to the Ashland Volunteer group for their assistance and co-operation. We also extend our thanks to those students and friends who so kindly gave us lodging and breakfast.

PAUL MAYER,
Chairman committee on Resolution.

which prevailed throughout the conference. Ohio Northern U. to have Conference The discussion in regard to plans centered around deputation work, poster work, and the conference to be held at Ohio Northern University, Ada, Ohio, on March 9, 10, and 11, 1923. A social was staged by Arthur Cashman Saturday noon from one o'clock to two-thirty. This gave ample opportunity for all to get acquainted and to know each other.

Through the kindness of the friends of the College in the city the delegates were entertained for lodging and breakfast. The dinner and supper on Saturday was furnished by the Woman's Missionary Society of the local church. The Volunteers took dinner Sunday at the Washington Lunch.

ORRVILLE PANTHERS TO FURNISH OPPOSITION

Fast Independent Team of Former College Stars

The Orrville Panthers, a fast aggregation of former High School and college stars, will furnish the opposition against the Purple Saturday. This day will be known as Dad's Day and it is hoped that many dads will be on hand to see the team that has caused such wide comment among Ohio's football moguls in action.

The Orrville Panthers are coached by Major Louis Merillat, a famous West Point player. The Panthers use the West Point style of play. In weight they are about equal to the college squad. The biggest man on the Panther team tips the scales at 198 pounds. Their ends are the tall rangy type with the speed needed by good ends. Their main power is their secondary men, who according to reports, will be better than any backfield we have gone up against this year.

In "Dusty" Beck, the Panthers have a forward passer de luxe. He leaves the pigskin from forty to sixty yards with accuracy. He is a former Akron University man. Other backs are Williams, Baughman, Eschelman, Boyle and Coyer, all who are possessed with plenty of experience and ability. A characteristic of their play this year is their good sportsmanship and clean playing.

PRESIDENT JACOBS PREACHES SUNDAY

President E. E. Jacobs will deliver the sermon Sunday morning in the College Chapel. The Sunday morning service will be attended by all visitors here for Dad's Day Saturday.

The subject of Dr. Jacobs' sermon will be "Society's Obligation to Its Youth."

the ball went out of bounds on the eleven yard line. Ashland scored in three plays.

As to weight the two teams were pretty well matched. The Ashland forwards had a slight edge on their opponents to about five pounds per man on the average.

Forward passes were few and relatively unsuccessful. Ashland early in the game found the Defiance line to be weak and resorted to plunges for their gains. The Defiance men showed lots of scrap and twice halted Ashland and held for downs within the ten yard line.

One of the best features of the game was the fact that there was little by-play and no poor sportsmanship shown by either of the contestants.

The whole Ashland line were stars. On the offense each man did his part and huge hole were ripped in the opposing line. Baylor the big left tackle, paved the way for a touchdown when he broke thru and smothered a Defiance punter on the seven yard line. Norris intercepted two passes and kicked off well. Every kick went within the ten yard line but one. Wharton and Fox ripped up the line for long gains while Weber and Curry showed up best in the open field. Rupert and Hatfield were put into replace regulars and exhibited the stuff that makes varsity players.

Conkey and Conroy were the fastest men on the Defiance team and Denison put up a good game on the line.

PLAY BY PLAY

Defiance won the toss and chose to receive and defend the north goal. Norris kicked to Conroy on the five yard line who returned to the twenty-three yard line. Defiance gained but one yard on three line plunges and kicked to Curry who returned eight yards. Curry jabbed off right tackle for a yard and Fox took the ball into Defiance territory when he made four off left tackle. The next play failed and Fox punted behind the visitors' goal. The ball was put in play on the twenty yard line. Defiance fumbled and Norris recovered on Defiance's seventeen yard line. Curry ran off right tackle for six. Fox went thru left tackle for two and Wharton added two more at left guard for first down. Wharton from the seven yard line made two and Fox was stopped at center. Curry picked a hole and advanced the ball to

tackle, who was ineligible to receive and the ball was given to Ashland. Wharton on the first play made a pretty run around right end and put the ball on Defiance's three yard line and took it across on the next play. Fox kicked goal.

Norris kicked to Warren who received on the ten yard line and came upstream eighteen yards. Conroy hit center for three. On the next play Conroy fumbled and Ashland recovered in Defiance territory. Weber was sent at center for two yards. A pass failed and the next was intercepted by Diehl. Conkey made two at left guard and Diehl made three at center. Conroy made two at right guard as the quarter ended. Score, Ashland 14; Defiance 0.

SECOND QUARTER.

Conkey punted to Curry on Ashland's twenty-eight yard line and Curry made fourteen yards before he was downed. Fox smashed thru center for eight and Wharton made first down off left tackle. Fox made four at center. Curry added six at left tackle. Fox hit center again for twenty yards and Wharton made three at left guard. Fox made three at the same place. Curry made one at right guard and Ashland lost the ball on downs when the Defiance line stiffened. Conkey punted out of bounds and Ashland gained but six yards on three plays and Weber punted. Defiance fumbled but recovered. Conkey lost three yards when Norris broke thru and tackled him. Conkey passed twice and the second was intercepted by Norris. Curry made four around right end and Fox added five at left tackle. Wharton scampered off right tackle for eighteen and put the ball on the visitors' nine yard line. Weber thru left guard made four and Wharton added one at the same hole. Weber scored off left tackle. Fox kicked goal.

Norris kicked to Warner on the seventeen yard line and he came back to the thirty. Diehl hit center for two and Conroy made three at the same place. Diehl made a lonely yard and Conkey punted to Curry. Curry fumbled and Denison recovered on Ashland's twenty-eight yard line. Diehl bit off three at left guard and Conkey three more at the same place. Conroy made two at center and on the next play the Ashland line held them for downs. Wharton made two thru the line and Weber punted out of bounds. Defiance tried the line twice and then Conkey passed and Weber intercepted and ran twenty-five yards as the period ended. Score, Ashland, 21; Defiance 0.

THIRD QUARTER.

Norris opened the second half with a kick to Warner on the five yard line. Warner returned to his usual place—the twenty-three yard line. Conkey made a yard at right guard and made another thru center. Norris intercepted another pass.
