ASHLAND TO HAVE BIG DAD'S DAY

Nov. 18 Designated for
Visits of Dads

Rio Grand to Play Here Then

Ashland is to have a Dad's Day!

November 18, has been designated as the day when all the Dads of the Ashland Students will convene at the College for the big program which will be given on that day. The fireworks will start in the afternoon when the big Purple team bumps up against the Rio Grand huskies from Rio Grand College.

A program is being arranged for the entertainment of all the worthy visitors after the game. The evening will be spent in a general get-together and good time.

Other colleges have long since established this day among their holidays and at this first attempt it is believed that "Dads" will grasp the chance to see the place where his youngster spends his days.

There is no Ashland student who does not write home telling the folks everything about Ashland, about the campus, buildings, roommates and the College life in general. The folks at home can get no definite idea of the environment in which their sons and daughters live here. They must see Ashland before they can fully appreciate what a delightful place it is.

They must sit in Chapel and hear the music. They must stroll around the campus and through the buildings. In short they must live here for a week end. Then they can enjoy the letters of the boy and girl at college and be even more proud that son is a student at Ashland.

Dad's Day promises to be a big day at Ashland. Will Your Dad be here?

STUDENT VOLUNTEERS ARE TO MEET HERE

Fall Retreat Opens on Nov. 11

The Fall Retreat or Leaders' Council of the Northern Ohio Volunteer Union meets here November 11-12. This meeting will bring to Ashland the Band President, and one leading member from each of the 14 Colleges in the Union. The Colleges to be represented are, Heidelberg, Hiram, Bluffton, Oberlin, Cleveland Bible Institute, Wooster, Ohio Northern, Findlay, Baldwin-Wallace, Western Reserve, Lake Erie College, Mount Union, and Defiance.

The delegates will probably arrive Friday evening. The Council sessions begin Saturday morning at 9 o'clock, and will continue until Monday noon, with the exception of a recess for the Ashland-Defiance Football Game. The delegates will be entertained, for the most part in the homes of students.

The purpose of the meeting is for Council and conference on the slogan "Evangelization of the World in this Generation." The announcement of the time and place of the Spring Conference will be made here. Plans for the same will be inaugurated. Miss Mary Baker will represent the National organization. Let's entertain them well—Ashland.

Students to March on November 11

Each Class to Have Float

The representatives of the Freshman, Sophomore and Junior Classes are busily preparing boats to be used in the Armistice Day parade. Just what the nature of the floats and the preparations in particular has not yet been disclosed. Each float is to be a complete surprise to students outside of each class and an intense competition has sprung up between the classes.

The American Legion has charge of the Armistice Day program as usual this year and the support of the College has been enlisted to make this day a grand success.

D'Lozier's Sermon Stirs Audience

A. L. DeLozier, head of the department of Romance Languages of Ashland College delivered a splendid sermon in the Chapel Sunday morning, October 20. The subject of his sermon was "The World Stabilizer." The controlling purpose of the sermon was to impress upon our minds the fact the Christ is the only world stabilizer. He did this by showing the different points of view taken by various classes of people in the biblical times. He showed how the Jews and the Greeks both rejected Christ upon technicalities but that those people who accepted him were inspired by the Power and Wisdom of God.

"Christ was rejected by the Jews and the Greeks because the Jews had to be shown and the Greeks sought after wisdom and Christ was neither a sign shower nor a philosopher," he explained in beginning his discourse. He went on to tell that there is a blindness in every person which tends to give us a wrong impression and which deceived the people of biblical times. He asserted that the main reason that Christ was rejected was because he did not think in harmony with the method of thinking of that day. The Jews think that Form is the essential thing and consequently they expected Christ to appear as a prince and thus they were prone to be dubious. They loved tradition while he overthrew it. Hence, they were not in harmony with each other. On the other hand, the Greeks loved beauty and wisdom and hence they were disappointed that Christ did not appear as their philosophers had said he would. From these facts, he drew the conclusion that "The preaching of Christ crucified was a stumbling block to the Jews and a foolishness to the Greeks."

"We need some world stabilizer," he asserted in continuing. "People vainly grope after some thing which they have within their grasp. The stabilizer that we need is Christ," he said in summing up his talk. "We have not given Christ a fair chance. Every nation is Mosaic in principle." He tried to show that Christ came into the world to stabilize it by using Mel Trotter as an example. "The only thing that will stabilize the world is Jesus Christ," he said in closing.

ASHLAND WINS; HIRAM SCORES

Purple Team Has Easy Time for First Three Periods,
But Hiram's Comeback Scores in 4th

Ashland won from Hiram last Saturday at Hiram in one of the cleanest games that either of the two teams have played so far this season. The game was close and Ashland nosed the Hiramites out by a single point, the final score being 8 to 7. Ashland had a distinct edge on the Hiram men until the last part of the last quarter when Hiram displayed a comeback spirit that took them around the Ashland ends on long runs that resulted in a seventy yard march and a touchdown for Hiram.

The Hiram line appeared to be their weakest point and the Purple backs plunged through the Red line at will for large gains. Twice the proteges of Coach Murray pounded their way to within their opponents' five yard line where the Hiram line stiffened and held for downs. Ashland scored in the second period and made a safety in the last period that cinched the score by one point.

The offensive work of the Ashland team was brilliant and consistent. Fox and Wharton were sent through great gaps made by the Ashland line for gains of from three to eight yards. In the fourth quarter Ashland, by line plunges alone, made first downs in thirteen plays.

Both teams were equally matched as to weight and this gave no odds to either team on that score.

The game was played for the most part in Hiram territory, and in the middle of the field. The Purple goal line was threatened but once—when Hiram scored in the last fifteen seconds. Ashland made thirteen first downs to Hiram's eight.

The weak spot in the Ashland defense was the ends of the line. Hiram ran the ends repeatedly for long gains which were not stopped until they reached the secondary defense.

Kelker, the Hiram fullback, was the star

tackle and took the ball into Hiram's territory. Fox made one at right guard and made four at left guard. Curry passed and Glass intercepted. McCullough made ten around left end and Mountcastle made three through center as the quarter ended. Score: Ashland—0, Hiram—0.

SECOND QUARTER.

Glass fumbled on the first play and McCullough recovered. Glass ran left end and was halted by Schmuck. Mountcastle punted to Wharton who made a splendid return of twenty-eight yards. Wharton made three off right tackle and Fox made two at right guard and five at center. Wharton fumbled and Fox recovered with a gain of four yards. Fox fumbled and Converse of Hiram recovered. McCullough hit the line for two and Glass made nine yards around right end. Glass made two at center and McCullough made a try at left end that netted a yard. Glass made two at right end and Hiram punted to Teeter who returned four yards. Fox immediately punted to Mountcastle who returned just two yards. Mountcastle returned the punt out of bounds. Curry passed to Schmuck with a gain of seventeen yards. Fox made six through right guard and Curry passed to Teeter who ran ten yards and made a total gain of twenty-six yards. Curry cut through left tackle and took the ball to Hiram's ten yard line. Fox made a yard at center and Hiram was penalized two yards for four times out. Wharton made three at center and placed the ball on the four yard line, and then Wharton plunged through left guard for the touchdown. Fox failed to kick goal. In the remaining time Glass kicked to Teeter who made twenty yards upstream. An Ashland pass failed and when the fourth down came Fox punted to Mountcastle who was downed in his
