

Pictured above is the winning Float from the Homecoming Parade. It was made by Y. W. C. A. and Seminary.

Inquiring Reporter...

Bennett Cerf, in his October 25th lecture in the college chapel, suggested that it would not make any difference which political party prevailed in the 1956 national elections. He gave as his reasons the deep-rooted prosperity the nation is currently enjoying and the fact that the "middle-of-the-roads" are running the country anyway.

With this in mind, the inquiring reporters sought out student opinion with the following question: Do you believe it makes any difference which party wins the 1956 national elections?

Charles Conner—Not particularly, since the elections will doubtless be close as far as the Congress is concerned.

Roger Parris—Yes. It makes a difference as far as Congress is concerned—as for the President—no.

Paul Hill—Essentially it does not make any difference because the foreign policy will remain the same and the domestic policy will differ only in labels.

John Keck—Yes, I definitely believe it will make a difference.

Ralph Keck—No, I don't think it will make any difference. If Eisenhower does not run we will have to choose between two "green-horns" anyhow!

Waddy Grippo—No, I don't think it will make any difference.

Sally Hendricks—Yes, I think it would make a very great difference to our future economic conditions.

Nancy Logan—Yes, it would make a large difference.

Bernard Sargent—I think it would definitely make a difference.

Gospel Teams Combine For Special Program

The Mens' and Girls' Gospel Teams combined for an inspirational meeting on October 25th. The program was in charge of a team composed of Dottie Allen, Margaret Isgrig, Frank Rottier, and Rodney Warstler. This team recently served at Adario. Also, a trio which included Lila Miller, Helen Moore, and Carol Berkshire helped in the program.

Two services at Williamstown Brethren Church this coming Sunday will be in charge of a girls' team consisting of Joann Rummel, Esther Carlson, Minnie Davis, Marlene Spotts, and Marilyn Wilson while a team of men will serve at Fremont Brethren Church.

The Girls' Gospel Team will meet November 8th in the chapel at 7 P. M. for an instructional meeting in scripture reading directed by Mrs. Edwin Boardman.

Through The Keyhole

By A. Coed

Here it is again time to gaze through the keyhole . . . As each day rolls by the girls seem to get into more mischief than before. Quite a few exciting incidents have happened during the last few weeks.

One cold, dark, and dreary night a faint sound was heard outside the dorm. When the matter was investigated further it was discovered that a poor defenseless cat was standing on the front porch. Of course we couldn't let it stay out in the cold . . . well, it didn't . . . not for long anyhow. The cat took a likening to three girls on first floor and there it made its home for about four days.

The sudden awakening at 12:30 A. M. on the eve of the 27th was a surprise to all. That is to most of us, wasn't it Barbara?

LOST! Another Frosh girl to the "state of matrimony." Bette Baker has left to become Mrs. Bill Rodgers. Good luck Bet!

We're glad to see Bobbie Owens back after serving a spell in the hospital.

Quite a few girls have been down with the flu this week. Speedy recovery girls!

Another member has been added to the family . . . Marian Purdy, a junior, has moved into the dorm.

We want to take this opportunity to thank the girls who helped plan and make the dorm decorations for homecoming. Fine job.

WHAT! Tin cans "falling" down the stairs in the middle of the night? Absolutely impossible I'd say . . . or would it be?

Nancy Miller's new records are causing a hit in the dorm. Very cute . . .

Allen Hall and "Chapman Dorm" are running competition against each other on W. A. T. G. That's O. K. let's keep the requests coming guys . . .

Scribes Society Holds First Formal Meeting

The Scribes Society held its first formal meeting of the school year on October 20, in the math room. After waiving the usual business meeting, the problem of selecting new members (deferred from an earlier informal meeting) was discussed.

A new, streamlined policy for candidate nomination and selection was agreed upon. A tentative list of nominees was offered for consideration but it was decided to postpone final action and selections until a complete list of eligibles could be obtained and presented at the next regular meeting.

A final invoice on our Homecoming float activities disclosed that we used a hundred thumbtacks, enough toilet tissue to last a family of six about four weeks, enough nails to build an ark, and enough man-hours to build the U. S. S. Forrestal. President Darrel Hudson wishes to acknowledge the wonderful help and moral support donated by the Pi Kappa Pi on the project.

Seven Eagle Cagers Start Early Practice

The basketball bug has shown up early and has bitten a dozen or so Eagle cage hopefuls. Unofficial workouts under the guidance of Jack Purtell have been in progress for three weeks now for non-football players only. Again this year there seems to be a lacking in height. Don Hershey and Jerry Chambers are the tallest to turn out so far, each going about 6'4". Besides Purtell, other varsity men sharpening their eyes have been Marty Kemp, Ron Pratt, Lenny Huffman and Wayne Berger.
