As Other People Do--Look At Your Teeth

Examine your teeth closely every once in a while. The tiniest discoloration or the least indication of tartar should prove a dangerous signal and warning to you. Properly cleanse the teeth twice or three times a day. Use **OUR TOOTH PASTE** and also our **ANTISEPTIC SOLUTION**. A scrub of the teeth and a rinse of the mouth, and the job is done—with full protection, with best results in providing pretty teeth.
