ASHLAND COLLEGE, THURSDAY OCTOBER 5, 1922

No. 2

FACULTY RECEPTION BIG EVENT

Gymnasium Scene of Get-together Affair

The Faculty of Ashland College gave their annual reception in the gymnasium, Tuesday evening, September 26. The number in attendance was indeed gratifying. One hundred and fifty parents and friends of the College were present besides an equal number of students. Dr. Edwin E. Jacobs, President of the College, gave the welcome address in which he mentioned the origination of the custom of holding such an event twelve years ago.

"The first meeting," he said, "was held in the building now known as Founders' Hall." It was then the Library. Dr. Gillin was then President of the College.

The first reception was one of considerable note. Several of the men of the school rented dress suits that their appearance might be consistent with what that momentous occasion was supposed to be. Today things are different. Ashland College places stress on the higher intellectual standards.

President Jacobs then called attention to the rapid progress which Ashland College has made in recent years. The graduates from this Institutions have been of the sort who really do things. Today they are found in all parts of the world, Africa, South America, Hawaiian Islands, Mexico, Philippines, Canada, and all parts of the United States upholding the cross of Christ.

George Hildebrand, prominent manufacturer of this city, and trustee of the College in a short address reminded those present of the splendid equipment which Ashland now enjoys.

"But," said he, "as John Hopkins on one end of a log and a boy on the other end would make a University, so could it be said of the faculty of Ashland College."

Mr. Hildebrand called to the minds of his hearers incidents in the former days of the school which tend to warm our hearts for Ashland, and then he said, "Let us not forget the solid things that back this College."

Miss Braurer, instructor in piano, rendition which caused the audi-

PRESIDENT JACOBS PREACHES AT CHAPEL

Education Theme of Sermon

President Jacobs preached an inspiring sermon featuring Education as related to the church, Sunday morning, October 1, at College Chapel.

"Education is a disturbing element," said Dr. Jacobs. And he enumerated a number of specific instances in which education of the common people has brought about radical changes in the lives and thinking of men. He mentioned the many different standards of education, and the various standards of education as understood by the great men of the past. "Henry, the Wise," said Dr. Jacobs, "was given the title because he could read and write his name."

Education means more than simply the accumulation of facts. Truth itself has no grip upon life unless it reacts properly upon the heart. "Ye shall know the truth, and the truth shall make you free."

President Jacobs alluded to the fact that no democracy could exist among the ignorant and that education is that without which a democracy is unsafe, and besides it requires education to make a real government not by the crown but by the crowd.

"Proper evaluation of the truth is the function of the Christian College. Life comes at too much cost to have the youth wrongly impressed in school. This is the reason why it takes Christian teachers in our schools."

"Education without spirituality is unsafe, incomplete and unscientific. It is not enough to be a good physician but one must be a good physician and a good man also," said President Jacobs.

In the absence of Rev. J. A. Garber, some member of the faculty will fill the pulpit in the College Chapel every Sunday morning.

Y. MEETS FIRST FOR THIS YEAR

First program of Y. M. C. A. was given Tuesday evening, October 2. President Barnard in his welcome address outlined something of what the Y. M. C. A. is to mean in the future. "Our organization this year," said Barnard, "must stress the C

Schmuck Elected Football Captain

Freddie Schmuck has been elected captain of the 1922 Football Team!

This announcement was received with cheers and applause at Chapel last Thursday after the letter men from the 1921 Football Team had met and chosen the sturdy Schmuck to lead them during the present season.

FRED SCHMUCK

Sam Wilcox, who contracted typhoid fever during the summer and was unable to return to school this fall, was elected captain last spring.

Freddie Schmuck is one of the most, if not the most, dependable player on the team. He won his first letter at Ashland High School under the sponsoring of "Spitz" Ganyard and has been playing the end position ever since. Freddie graduated from the local high school in 1919 and a year later entered Denison University and played on the Freshman team there. The next year he entered Ashland College and Murray placed him on the right wing in his old position at end.

Schmuck guards his side of the line as jealously as a verdant freshman guards the peach of the class. Woe betide the runner who attempts to scamper around Freddie's end. And that's not all—he has the profound respect of every tackle he has encountered. Schmuck can play the Irishman and then run 'em out.

Schmuck's dependability is not his only asset. He is also capable of brilliant playing when occasion demands it. Fans remember him as the man who caught the pass that buffaloed Otterbein and sent Ashland home from Westerville with the big end of a 7-0 score.

ASHLAND HOLDS WOOSTER TO 7-0

In Hard Fought Game

Touch Down Comes in Last Thirty-five Seconds of Play

Ashland College figured in the biggest up-set of dope in the Ohio Conference last Saturday, when she held the Wooster eleven to a single touchdown, the touchdown coming in the last 35 seconds of play. The game was a thriller from start to finish.

Ashland although slightly out-weighted showed that she has a line which will rank with the best in the state. When gains meant touchdowns the Ashland line held, as was the case in the third period when with four downs and 8 yards to go Ashland's line held the onrush of the Wooster backs and got the ball on downs. The men on both teams fought hard in spite of the heat and for this reason time was taken out by both sides many times. The Ashland backs had little chance to show their offensive ability as Ashland played a punting game which kept Wooster on the offense continually. Ashland has capable men in the backfield who will be heard from this season. Fox carried the ball most for Ashland but could do little against Wooster's big line when Ashland's forwards failed to open a hole thru which he might plunge. On the defense Fox was a tower of strength and in backing up the line aiding greatly. Ashland's forwards in stopping the rush of Wooster's backs.

The Ashland line played good football on the defense. The most note worthy was the work of Norris at center, who was good on offense as well as on defense. O'Neal at left guard also played a great game on the defense.

THE GAME PLAY BY PLAY

Capt. Layport of Wooster won the toss and chose to kick and defend the east goal. Flattery kicked to Freese on the ten yard line. Freese returned eighteen. Fox hit right guard with no gain. Fox hit center

right. Swigart got away and went for twenty-three yards around right end. Hurst made five around left end and Swigart tried right end again but gained only one yard. This put the ball on Ashland's five yard line. Welty carried the ball within a foot and a half. Here Wooster fumbled and Ashland recovered. Fox punted out of danger. Wooster on line plunges and end runs took the ball to the five yard line where Ashland held for three downs and the half ended. Score—Wooster 0—Ashland 0.

THIRD QUARTER—

Fox opened the second half with a kick off to Swigart on Wooster's twenty yard line. Swigart returned the ball fifteen yards before he was downed. Hurst tried to run around left end but was tackled on the line of scrimmage. Hurst made an attempt around the other end which netted but one yard. Swigart tried left end but the Ashland forwards met him and he gained only a yard. Wooster punted to Freese who signalled for a fair catch. Junkin tackled Freese and Wooster was penalized fifteen yards. Weber carried the ball on an off tackle play and gained two yards. Freese tried to gain thru center but failed. Fox punted thirty yards to Swigart who made six on the return. Welty made four thru right guard and Hurst bucked left for one. Swigart fumbled and recovered. Welty punted and Freese received on Ashland's twenty-six yard line. Fox punted out of bounds on Wooster's forty yard line. Swigart made a nice gain around end to Ashland's ten yard line. Hurst bucked for two. Swigart made three around one end and two and a half around the other. This placed the ball within two yards and a half of the goal line but
