

Dear Sir

Marblehead Dec^r 12: 1774

We here inclose you Copy of a Letter just
recd from the Committee of Correspondence at Salem, which
We beg you to communicate, to your Committee, the Contents
are alarming and a full discovery of what We have long
apprehended, We would recommend the ^{immediate removal} ~~entire~~ ~~removal~~
to you of your Military stores, as undoubtedly the design of
Robb is universall and the Loss of so Great a Quantity as you
Possess, would almost tend to our ruin, We have taken the
necessary Precaution ourselves, being in haste We beg leave
to subscribe ourselves your humble servants

By Order of the Committee of Correspondence

John Gerry
