A REVIVAL By Rev. J. P. Horton

"Show us the father" John 14-8

The purpose of a revival is to show every person in the community the Father. If you have lived under the shadow of the church and have not seen the Father it is your fault. There are indications that God has passed this way. The footprints of Jesus are here an unmistakable evidence that the Holy Spirit is at work now to enlist men and women, buys and girls during this revival season for a better life. "SHOW I'S THE FATHER" should be the cry of every lost person in this community to day Will you make that your demand my lost friends and a challenge to the

churches. The gospel is represented in the Bible as being a sword and some lost person is going to feel the keen edge of the sword of truth as it is presented from the pulpit. Again it is represented as a fire and some lost one is going to feel the burning effeet of its mighty power. Also the list. gospel is represented as being a mighty stone and weight of sin, Kelsey of Collierville were business
