FACTS and FICTION BEING

a little bit about anything
"Read not to contradict and confute, nor to find talk and discourse, but to weigh and consider."—Francis Bacon.
By Harry Williamson

A MODERN GOOD SAMARITAN

A certain man went down from Jerusalem to Jericho, and fell among thieves which stripped him of his raiment, and wounded him, and departed, leaving him half dead.
And by chance there came down a certain priest that way; and when he saw him, he passed by on the other side.
And likewise a Levite, when he was at the place, came and looked upon him, and passed by on the other side.
But a certain modern Samaritan as he was driving out, came where he was; and when he saw him, he commanded his chauffeur to stop.
"Some half-drunk scalawag," he suggested to his wife, "I don't believe we are expected to help such folks."
"Most certainly not," the wife replied, "let him help himself."
They drove away, the man going to play golf, and the woman to take her chance on a special prize that was being offered at a local bridge party.

Of all things! The Wickersham Commission to investigate the status of prohibition and law-enforcement in the United States has hinted that it is to make a "Dry" report. It is not to propose any drastic change in the Volstead Act, but instead is to suggest that the enforcement of the law be given a chance.
Think how disappointed the wet press will be. They doubtless had their big headlines all set for a "Wet" report, and now they will have to content themselves with an inconspicuous single column headline.

Some wag discovered that 1930 added crosswise equal 13, and thereby attributed all our woes during during the year to this fact. A local minister suggests that 1931 equals 14, which is twice seven, so therefore we may expect double good luck during the coming year. We don't know if some boyhood game in which our minister friend formerly engaged suggested this prediction.

After all 1930 can boast of the longest drought, the hottest summer, Linbergh's baby, a Paris to New York non-stop flight, the discovery of a new planet—Pluto, the wreck of the British dirigible—R-101, the return of Commander Byrd's party from the South Pole, King Carol's return to the throne of Roumania, and Bobby Jones' retirement from golf.
You can imagine 1930 straightening up as he hands the torch to 1931 and saying, "Now beat that if you can, you up-start."

"The American economic system is as sound as ever," suggests the Commercial Appeal, editorially. Perhaps it is, but if a fellow is without work, and hungry, and daily sees his wife and children in want, he is not going to feel very enthusiastic over the "system," sound or not.

The Rose Bowl game on New Year's Day closed the football season, but the Tennessee legislature is with us for 75 days.

Fine! The United States Bureau of Education after a careful study of College Fraternities and Sororities covering a period of three years, and at a considerable cost to the taxpayer, reports that these "student societies are not so bad as they are often painted, but not so good as they should be." It seems that they found plenty of drinking, gambling, and dances attended with all kinds of misbehavior, but the "frats" had improved in their scholarship, and had helped, quite much with the housing problem. "Their houses, though, were usually found to be unclean, disorderly, unsanitary, and particularly subject to fire hazards."

CITIZENS BANK HOLDS STOCKHOLDERS MEETING

The annual stockholders meeting of the Citizens Bank was held on last Friday morning with the entire Board in attendance. The following Board of Directors was elected for the ensuing year: T. A. Cox, D. G. Delaney, J. K. Hinton, A. L. Hurdle, Dr. L. P. Pearce, M. L. Wingo, and Dr. T. E. Watkins. The Board then re-elected the officers: A. L. Hurdle, President; Dr. T. E. Watkins, Vice President; M. L. Wingo, Cashier.

The condition of the Bank at the time of this meeting, January 2nd, showed resources of \$60,000.00 with no bills payable and no re-discounts. On the whole the Bank has had a very good year's business, and the outlook for the coming year seems much better.

LITTLE JIMMY JOHNSON

Little Jimmy Holmes Johnson, the three-year old son of Mr. and Mrs. Sherlock Johnson, died last Friday evening, January 2, at 6:30 o'clock. Jimmy had been in ill health for a long time, his last illness really beginning last July. Everything possible had been done for him, his parents having had him under the care of specialists. Jimmy was an attractive little fellow and had endeared himself to everyone by his patient disposition throughout all his suffering.

Funeral services, conducted by the Rev. J. P. Horton, pastor, were held at the Baptist Church last Saturday afternoon at 3 o'clock. Interment was in Magnolia Cemetery with the Hinton and Hutton Company in charge.

LEAVE FOR CALIFORNIA

Messrs. Orville Carrington, Sammy McMahan, and James Taylor Jones left on Monday morning by motor for Los Angeles, California, from which place they will go to San Diego, where they have employment. They left Memphis at seven o'clock Monday morning and spent the night in Dallas, Texas. A telegram received Wednesday morning stated that they had spent Tuesday night in El Paso, Texas, and were having a fine trip. A message yesterday stated that they spent Wednesday night in Phoenix, Arizona.

Judge George W. Barcus, of Waco, Texas, was the guest of Mr. and Mrs. J. B. McFerrin last Monday. This was Mr. Barcus' first visit to the old home of his father and mother who were married in 1852 in a house that stood until about ten years ago on Mr. T. W. Lowrey's farm, and was the home of the bride's step-father, the Rev. Samuel Gilliland. It interested Judge Barcus very much to see the site of this old home, and to visit the neighborhood of Marshall Institute where his father and mother taught before the Civil War.

Those Washington State football players doubtless do not believe in Einstein's theory of relativity. At least those passes shot from one of the Alabama players to another did not seem to "bend out of their regular courses."

Milwaukee, though a town of 700,000 people, and almost within shooting distance of Chicago, claims to be "gangless, racketless and killerless."

The reason is that Milwaukee is hard boiled, and does not mix politics and police. They have had only two chiefs of police in 46 years.

Here's a suggestion for some unemployed man if he is baldheaded. He may have advertising printed on his shiny pate, and sit in the front rows at the picture shows for the benefit of those in the balcony.

Coolidge says that Hoover will be re-elected president in 1932. The Republican Party may not "choose" for him to run.

The best sign of a lack of Statesmanship and leadership in the United States today is the fact that we have an overproduction of all kinds of food, and yet have people starving.

FACTS ABOUT THE LUNCH ROOM

The following information is given about the school lunch room for the benefit of those interested:

LOCATION. After a careful survey of the school property by representatives from the Shelby county commission and the Board of Education, it was decided that the lunch room could be more economically run, and with less interruption to the school work in the gymnasium. The girls' dressing room has been temporarily converted into the cooking department, and the meals are being served on the rear end of the gym floor, and on the side seats.

EQUIPMENT. The County School Board of Education gave the stove, cooking utensils, dishes, glasses, forks and knives, lumber for tables and benches, all amounting to \$100 or more.

ORGANIZATION. In order to make it possible to run the lunch room on a minimum expense it is being undertaken without having a salaried manager in charge. Mrs. Vance C. Roy, teacher of Home Economics, will supervise the work, and various women of the community will take charge of the preparation of the meals. Mrs. Charlie Fleming and Mrs. Vergie Cox will have charge during the week of January 12th. Mrs. John Kirk, who has been active in the work already done, will help each group of women to get started.

SUPPLIES. All staple supplies will be bought from Oliver Finney Grocery Company at Memphis, a wholesale supply house that furnishes supplies to Whitehaven and a number of other school lunch rooms in the county. Such supplies as will be needed will be purchased from local dealers who are being very liberal in their prices on all things.

FINANCES. The Faculty of Collierville school is giving a day's salary for the benefit of the lunch room which will amount to seventy-five or more dollars. This will enable the work to get a start, and to some extent get on a paying basis. Miss Willie Lynch has been selected as treasurer, and will keep a minute account of everything taken in or paid out. All supplies will be stored with Mrs. Roy, and requisition made on her by those in charge of the cooking for the daily need. All bills will be carefully checked by Mrs. Roy and after her OK will be paid by Miss Lynch with a check.

It is hoped that after the lunch room is better organized there will be sufficient local patronage to put it on a paying basis. In view of the fact that from forty to sixty free lunches are being served daily, and the Collierville students who are able to pay do not have the lunch room habit, it is going to be difficult to make it self-sustaining this year.

AWARDED HONOR CERTIFICATE

An Honor Certificate was awarded this week to Mr. Chas. Dean by the St. Paul Fire and Marine Insurance Company, of St. Paul, Minn. In recognition of his twenty-five years of faithful and meritorious representation of the Company.

This record of Mr. Dean's is quite worthy of note, and during the twenty-five years Mr. Dean has made many friends for his Company by his careful attention to the proper handling of all details concerning policies.

GERMANTOWN CASH GROCERY HAS ANOTHER SPECIAL

The Raymond Hudson Cash Grocery at Germantown placed their first Saturday Special on last week, and again this Saturday Mr. Hudson is offering another attractive list of Grocery Bargains. He says he finds it's a paying proposition to advertise Specials these days.

CARD OF THANKS

We wish to take this opportunity to thank everyone for the many kindnesses shown us during the illness and at the death of our little boy, Jimmy Holmes Johnson. We deeply appreciate the many expressions of sympathy, the beautiful floral offerings and everything that was kindly done for us and for him.
Mr. and Mrs. Sherlock Johnson

LOCAL PLANT FORCED TO INCREASE CAPACITY

If any one stepped into the Collierville City Cleaners' plant this week he saw that "ole man Depression" had been "hit in the face."

Last week, Mr. E. W. Martin decided to give his patrons a one-week benefit of Special Prices for Cash. He advertised this fact, and the people have certainly taken advantage of the opportunity, to the extent that the shop was forced to put on extra help and to put into operation another press. The same high quality of work has been maintained, and the same prompt attention has been given as heretofore.

Because of the large amount of out of town work that has come in, Mr. Martin has decided to give the homefolks another chance, and is continuing the Special Prices for the Collierville people only for one more week.

CONCERNING FURNITURE

An item of unusual interest to the lovers of beautiful homes is the modern trend in new furnishings for the home. We are informed by one of Memphis' most substantial and oldest furniture companies, the T. J. Beasley Furniture Co., that the early period furniture is now being shown in the markets, and that these beautiful old designs will soon be shown on the floors of all of the leading furniture stores. You no doubt remember the furniture used by your fore-fathers; poster beds, the Jenny Lind or spool beds, the early Colonial type of furniture. Good substantial furniture of this type is now greatly in vogue.

Heretofore it has been so that only the rich could afford to decorate their homes in period furniture, but now the prices are in reach of everyone, and beautiful Colonial bed room suites can be purchased at about the same price as has been paid for the ordinary furniture.

The furniture market showing the spring line of furniture in Chicago and Grand Rapids opens this week. The displays are marvelous, showing many beautiful reconstructions of the early type of furniture beautifully finished in the old and rubbed effect. Furniture of this type assures dignity, grace, everlasting usage and adds an air of refinement and comfort to the homes that are furnished in this way.

We are informed that the Beasley Furniture Company carries many beautiful pieces and they extend you a cordial invitation to call and see them.

SAVE YOUR EYES

by Dr. C. C. Breese, Secretary Tennessee State Board of Optometry THE EYES AND BODY HEALTH

Since the eyes are integral parts of the organism as a whole, it follows that their comfort is bound up in its general welfare. On their participation in disease, it should be scarcely necessary to speak. Many diseases of the body have their first manifestation in the changes in eye tissue. The eye is the only organ into which we can look and see the changes in tissues and blood circulation, and it is not uncommon for an eye-examiner when using an ophthalmoscope to find early changes and refer the patient to his physician for the needed treatment. In this manner disease is often detected in its early stage and overcome.

The powers of accommodation and convergence of the eyes may be diminished by stages of general muscular weakness, and there are certain maladies especially of the brain, spine, and kidneys which effect the eyes in a more direct and special manner.

It is a common saying that the eye is the "mirror of the mind" and nothing is more remarkable than the rapidity with which mental states effect the quantity of moisture supplied the eyes causing them to look either dull, bright, or dry, according to the temperament at the moment. Continued weeping is very injurious. It produces redness and irritation of the lids and chronic congestion of their tissues.

STANDARD OIL COMPANY IS PAINTING STATIONS

The Standard Oil Company is repainting the fronts of all stations in this territory, the work being done by Balton & Sons of Memphis.

A crew of men this week has repainted the Kelsey Chevrolet Company building, and are doing several in Rossville and other nearby towns. The pumps at Davis Company, Baily, and at Frank Piper's at Piperion, have been reset to conform with the right-of-way. These stations will also be repainted.

NEW FIRM WILL HANDLE FRESH MEATS

The new grocery firm of Chilton and Treadwell placed an order this week for a modern iced refrigerator display case which will be installed during the early part of next week, and after the installation this new firm will handle fresh meats of all kinds and also packing house products. This modern counter will add much to the appearance to the store as well as enable Messrs. Chilton and Treadwell to care for meats properly.

COLLIERVILLE SCHOOL HAS LUNCH ROOM

Faced with the problem of serving about sixty free lunches to pupils of the Collierville schools, the Faculty met Monday morning to work out plans for a permanent lunch room. Each member agreed to donate one day's salary for this purpose. The Masonic Lodge, the churches, and a number of individuals have given to the project, and so the lunch room has become a reality.

On Monday about seventy-five pupils were served. Ones who are able to pay are charged a fee of ten cents. It is planned to serve the lunches cafeteria style, each item to cost only five cents.

Mr. Joe Powell gave one day's labor, and, with the assistance of the boys of the Manual Training Department, tables and benches were made from lumber furnished by the County Board of Education.

While every effort will be made to make the lunch room self-sustaining it is hardly possible to do this, and donations are asked for. Either the cash, or canned goods, bread, meat or any other supplies can be used, and will be most welcome. These donations may be turned over to Miss Willie Lynch, treasurer, or to Mrs. Roy, or to Mrs. John Kirk.

WEEKLY SERMONETTE

By Our Local Pastors

"TO ME TO LIVE IS CHRIST"
Phil. 1: 21
The Value of Living

Life is always estimated in the terms of the personal.

No more important duty can be than to correctly interpret life in relation to character and purpose.

This great apostle found the measure of his own life and duty in the terms of Christ. His was a deliberate estimate after years of opportunity and service. This choice was free from selfishness. But he did not under value his own interests. There were times when he longed for the freedom and reward which death would bring to him.

But his duty to others was what determined his purpose and endeavor. To die might bring great personal gain to himself. But even the remnant of his life might be so devoted as to be of great blessing to many others.

May it not, therefore, be far more important to live than it is important to die?

It is the living witness whose testimony is fruitful. It is the living Christian who truly cultivates the field and brings the harvest to the feet of the Master. The fruition of hope is not to be despised. But the open field and the toil of duty is glorious in the witness of the task well done.

The tired worker may say: "I have a desire to depart and to be with Christ." But the consecrated servant says: "To me to live is Christ."

—R. W. Hood.

THIS IS THE WAY TO GIVE CHILDREN CANDY

Candy is a splendid energy food for children. And how they love it! Properly given, it is easily digested, and rich in quick energy so needed by them.

Give children candy after meals — as dessert. In this way they will eat as much as they should and not too much. Too, candy after meals will keep normal children from munching between meals.
Our candies are always fresh and pure.

Sweeten the day with Candy

Brotherly Love Wont Buy Baby Shoes

If you want to hear some good old fashion, fireside philosophy just "sit in" and keep your ears open when a crowd gathers around the office stove and swaps ideas and opinions. That's when a fellow will usually say just what he thinks. It was only this week that several happened to meet in our office and the subject now uppermost in everybody's mind was soon under discussion.

"This is going to be one year," a member of the party said, "when people will have to cut corners and get by the best way they can. Or at least that is the case with me. Nearly every day some fellow is out at my place trying to sell me feed and they use all kinds of arguments to get an order. I'd like to help 'em all, but friendship is one thing and business is another. You know you can't buy beans and baby shoes with brotherly love in times like this."

There is a whole lot of good, sound commonsense in what that man said. If we can't take care of you in every way to your advantage we would not blame you in the least for trading elsewhere, but if we can save you money on your feed bills, quality considered, and you find our service helpful in every other way, then it will pay you to trade with us. Why not drop in to see us and learn about the new policy we have put into effect?

Mrs. Norfleet Entertains at Bridge

Complimenting the Senior Bridge Club and her house guest, Mrs. E. I. McKie, of Phoenix, Arizona, Mrs. W. W. Norfleet entertained at bridge on last Friday afternoon in her attractive Southern Avenue home. For the occasion, Mrs. Norfleet was wearing an early spring frock of green crepe. Mrs. McKie was gowned in a handsome afternoon model of Pomegranite crepe with accessories in harmony.

After several interesting games had been played the scores were totaled, and Mrs. Cecil Elliot, who was found to hold the highest, was presented with a double deck of cards. Mrs. V. Leake won the consolation, a single deck of cards. Miss Ardelle Liddon received a box of candy as guest prize, and the honoree, Mrs. McKie, was given silk hose.
