FACTS and FICTION BEING

a little bit about anything
"Read not to contradict and
confute, nor to find talk and
discourse, but to weigh and
consider."—Francis Bacon.
By Harry Williamson

The show must go on. This phrase made famous by the old time circus has been taken over by the radio broadcasting companies, and every day the drama of American efficiency in engineering is being enacted.

Amos 'n' Andy are in the studio of the National Broadcasting Company ready to begin one of their famous programs. Out in Bodunk, Montana, a miner, living in a most inaccessible cabin on the mountain side has just bought a new radio. They want to hear Amos 'n' Andy, and they hear them.

Over 18,000 miles of telegraph wires, the American Telephone and Telegraph Company, sees to it that the show goes on. With ten thousand miles of telegraph, the technical director keeps in direct touch with every broadcasting community and if trouble shows up in one section, the program is immediately shifted over another circuit.

As the mountaineer and his family listens to the program that is coming via the telephone to his nearest station, perhaps through Chicago, Omaha, and other cities on a direct route, a storm may cut thru along the line, and tear down miles of the telephone line.

The show must go on. By telegraph through round-about circuits the technical director is notified, and immediately Amos 'n' Andy leap out from the mountain radio set, having come by way of Memphis, El Paso, Los Angeles, San Francisco, and to Montana.

With a telephone bill of \$7,500 per day, or about \$2,750,000 per year, the National Broadcasting Company insures the National hook ups of a right away.

Byrd flew to the pole. Now comes Sir Hubert Wilkins with a plan to dive to the north pole. His submarine, "The Nautilus," has already been launched, and will be ready by the time Spring makes her advent in the north to take his long dive.

He proposes to plough along thru the water as long as going is good on the surface, but if the ice gets too thick, he will simply submerge, and proceed northward.

At any time he wishes to go up for observation, his boat is equipped with an unusual ice saw that will bore a hole up through the ice to the open air.

Do you want reservation for the trip?

About the time we get discouraged about the trend of things, and feel that there is not much left worthwhile, Fred Stone puts on a radio program, and we learn anew something of this splendid comedian and his famous family. He and Mrs. Stone have shown the world that it is possible to live an upright life in the gayest of places—the theatre. Their three daughters, two of which are already famous, and another soon will be, are examples to American girls that it depends upon the individual and not the environment. Who can blame Dorothy for singing "That Wonderful Daddy of Mine." He is wonderful.

Another one of our tragedies—All over the country girls are finishing high school, and lots of them going to college and the university. They are ambitious, and dream of days to come when they shall meet that ideal man, but they don't meet him—or at least many of them do not. They have no chance to find suitable husbands, because, as a rule there are about five suitable wives to where there is one suitable husband. Many of the boys quit school along in the seventh, eighth or ninth grade, drift along in some small salaried job, and eventually marry one of these ambitious girls who have a horror at being an "Old Maid."

Poor things! They wake up aft-

PROF. J. L. HIGHSAW WILL SPEAK AT FOREST HILL

Co-Operative Club Will Meet Tuesday
Night, March 31st. Invitation
is Extended to Everyone

The Collierville Herald,
Collierville, Tenn.,
Dear Sirs:

As you probably know, in the Forest Hill Co-Operative Club we have a really-going, well organized, well financed club.

As Chairman of the Publicity Committee, I would appreciate your announcing that on Tuesday night, March 31st, Prof. J. L. Highsaw, of the Memphis Technical High School, will address our organization on the subject of "Some Aspects of European Education."

In giving notice of this meeting, please be sure to tell the folks in the entire scope of your circulation that they will be more than welcome, and we will look for them.

Thanking you to give us this notice, and with kind regards, I am
Very truly yours,
J. A. MARTIN.

GERMANTOWN DAIRYMEN MEET

About twenty-three Dairymen were present Tuesday evening to hear Mr. Frank Chance, Crop Specialist, speak on the use of good seed and the importance of crop rotation in connection with a sound dairy program. All information given out was secured from the experience that Mr. Chance got during his years of extension service. He advised the farmers to purchase only the best of seed and proved the advantages by some very outstanding yields that have been obtained in this state. The Experiment Station save the farmers a vast deal of money by the careful breeding of plants. Much information was gained from crop rotation recommended for this section.

REV. MILLARD F. LEAKE

Rev. Millard F. Leake, aged 78 year, died at the home of his daughter, Mrs. A. H. Hedges, in Memphis, Saturday morning, March 21st, after an attack of influenza. For more than fifty years he had been a member of the Memphis Conference of the Methodist church and for the past six months has been assistant pastor of the First Methodist church in Memphis. He was a brother of the late Dr. E. K. Leake of Collierville, and had many friends here who learned to love him several years ago when he was pastor of the local Methodist church and during his visits here.

Rev. Mr. Leake is survived by a daughter, Mrs. A. H. Hedges of Memphis; two sons, M. F. Leake, Jr., of Jacksonville, Fla. and W. C. Leake of Little Rock, Ark.; a sister, Mrs. Nellie Fletcher of Memphis. Funeral services were held at the First Methodist Church of Memphis, Monday morning at 10 o'clock, conducted by Rev. Felix R. Hill, Rev. Dr. J. S. French and Rev. W. W. Adams. Interment was made in Forest Hill Cemetery.

er it is too late, and find out that there are a lot worse things which can happen to a girl than being an old maid.

Do you know what the "Shell" in Shell Gasoline stands for? Our idea was that the gasoline came from shells, but we find that Shell is a big fat Dutchman who is to Shell what John D. Rockefeller is to Standard. He is a healthy scamp, and swims naked in an outdoor pool when there is ice on the water. Why he chose yellow as the color for his stations we are unable to say. He must be color blind.

If Russia's five year industrial and agricultural program works, there is no telling what may happen to us. With the government owning all the land and factories, and with millions of workers who are virtually slaves, ready to work for a mere pittance, they will be able to supply the world with goods at a cost far below what America can meet. Look out how you invest. Even General Motors may be for sale at half what its is worth now.

SCHOOL STUDENTS WILL PRESENT "THE HOODOO" AT AUDITORIUM TONIGHT

You had better get your rabbit foot and horse shoe ready. You will need them both Friday night when you go to see "The Hoodoo" at the school auditorium which is being given by the students of the high school in the interest of the left over relief work.

It was the plan to put this play on Friday, March 13th. That day and date sounded suitable for The Hoodoo but on account of the Scarlet Fever scare which has now passed, the play was postponed and will be given tonight, Friday March 27th, at eight o'clock.

This is a splendid play, and Mr. Jacobs and those taking part have worked hard in an effort to put it in good shape. You may be sure of an evening of entertainment, if you will come to the school auditorium, and see The Hoodoo.

The proceeds will be used to pay left over bills on the school lunch room, and other unpaid school accounts.

SHELBY COUNTY SCHOLASTIC MEET TO BE HELD FRIDAY

The Shelby County Scholastic Meet to select Shelby county representatives to the Fourth District Meet which will be held at Teachers College early in April, will be held at Teachers College Friday, March 27th.

William Hughes, Ida Dawkins, Jessie Mai Godwin and Ruth Hamner will represent Collierville in the debate. The question is: Resolved: "That the Chain Store is Detrimental to the Best Interests of the United States."

Aubrey Guy will represent the school in Oratory, his subject being "Youth and Prohibition." Elizabeth Moore will be the Extemporaneous Speaker, and Robert Shelton will try for the place in Humorous Reading.

DISTRICT FORESTRY DIVISION SUPERVISING RECLAMATION PROJECT AT PIPERTON

B. V. Cathey of Bolivar, Field Assistant for the Tennessee Forestry Division in this District, was here Monday, supervising the planting of a reclamation project being conducted by Mrs. C. B. Piper at Piperton.

Mrs. Piper is planting two acres of Black locust on waste and gullied land along the new highway 2 miles East of Piperton. This will produce some valuable fence posts, protect the land from washing and improve it in fertility. You are invited to observe the difference between this hillside and neighboring ones that are left to wash at will.

This work is gaining great favor throughout West Tennessee. Where now 450,000 acres that should be in much needed timber are washing into the streams filling them with silt and causing them to overflow on our best agricultural land. These acres should be reclaimed and improve the value of the farms on which they are. Instead of allowing the very foundation of our state to wash down the Mississippi, we should retain it to help beautify and support as individually and as a state.

The work in Shelby and throughout West Tennessee has increased about 600% in the last four years. Shelby has increased from 1 1/4 acres planted in 1928 to 60 acres planted in 1931. Fayette has increased from 7 acres in 1928 to 60 acres in 1931. The Tennessee Forest Nursery was deeded to the state by Madison Co. provided it is used for a state nursery. If it fails to operate it automatically returns to Madison County with all improvements thereon. This nursery has increased in output from 200,000 seedlings in 1928 to 1,300,000 in 1931.

All increase in nursery and field work has been accomplished without one cent additional cost to the state.

The Governor has asked that the appropriation for this work be cut half. The Finance Ways and Means Committee has failed to ask for any appropriation for this work, but has not offered any reason for so doing.

SPECIAL SERVICE AT METHODIST CHURCH NEXT SUNDAY NIGHT

Under the direction of Miss Lena Leath, organist, a special service has been arranged to be given at the Methodist Church Sunday evening, beginning at 7:30 o'clock. The program will include special music and a short pageant, "The Challenge of the Cross," which is especially appropriate for the pre-Easter Sunday. Every one is most cordially invited to attend. The program is as follows:

Remarks—Rev. R. W. Hood.

Vocal Solo—Miss Katherine Dean.

Doxology.

Benediction.

ROSSVILLE SUNDAY SCHOOL ENJOYS DAY IN PARK

The Young Peoples Class of the Methodist Church of Rossville enjoyed an outing in Memphis Sunday afternoon and evening. The members motored to Overton Park in the early afternoon, and then proceeded to have several hours of real fun. Then they drove to the Mid-South Airport where quite a few of the young people enjoyed a ride in the spectacular tri-motored plane. At 6:30 the crowd returned to the park and had a supper of delicious sandwiches, pickles and cakes in the open pavilion.

Following supper, the class went to First Methodist Church where a special program was given, the principal speaker being an English actor, Scorer, a nephew of the great Sir Henry Irving. Mr. Scorer gave an excellent presentation of "The Sign of the Cross," which had a beautiful moral throughout.

Members of the class who attended are: Misses Doris and Evelyn Baird, Louise and Freddie Mae Thomas, Warree West, Natalie Rives, and Mannie Neville; Messrs. Shirley Saunders, teacher of the class, Morgan Morton, Gus Baird and Cecil Thomas. Special guests who enjoyed the trip were: Misses Addie Lee and Jac Harrell of Arlington, Bess Crawford of Collierville, and Mr. and Mrs. Farley Hill of Moscow.

HAS NEW WRECKER SERVICE

To better serve their patrons, the Kelsey Chevrolet Company have installed a modern wrecker service. A completely equipped truck has been built and is very attractive. This will enable them to give the very best of service at any time. No matter where you are or what your trouble may be, a phone call will bring you prompt and efficient service. Their mechanical department is now "as near as your nearest telephone."

GARDEN SPECIALIST TALKS TO 4-H CLUB

Miss Agnes Donaldson, county club agent, met with the gardening club members on Monday of this week. She brought with her Mr. C. W. Pelton, garden specialist, of Knoxville. At the meeting each of the girls gave a report of the work done, after which Mr. Pelton gave a very instructive lesson on preparing and planting gardens. He especially stressed the planting of beans. Miss Donaldson made favorable comment on the work being done by the Collierville 4-H Club.

Miss Ella Mae Fleming spent last week end with Mr. and Mrs. F. B. Towles in Rossville.

ANNUAL BASKET BALL AND SCHOLASTIC BANQUET WAS GIVEN TUESDAY

Hon. K. D. McKellar and Prominent
Officials Were Among the Guests

The annual basket ball banquet which was expanded into a group comprising the basket ball teams, the junior teams, the football squad, representatives in debate, oratory, humorous reading, extemporaneous speaking, original oratory, and spelling, was held Tuesday evening in our gym. Approximately one hundred and twenty-five guests were entertained by the unique program. The high spot on the bill was Madam Know-it-all who hailed from a mysterious land to tell the young basketballers what the years had to offer them. In the land of beautiful maidens Ella Dudney reigned as the queen, but there was competition, for was there not a girl with Priddy eyes. Or was there not also a Ruby? Not only the beautiful but the Strong girl was there also. It was amusing to see what Capt. Sara Jones would be doing in the future as well as her twin, Virginia Kelsey. Lois Farley was "Cullen" a name. But to see Bess, you had to look thru Keough to the land of "Sweet Williams."

The boys also had a future; the boy with the Firm Foundation, and oh Hart will Leake out for two years? The strong shoulders of the Parson Dean, and Carry-ing-ton have upheld the trophies at C. H. S. their last time.

And the dreamer disappeared ending the story.

During "cocktails" our most gracious hostess, Mrs. H. F. Kelsey, recognized several distinguished visitors: Miss Powers, who spoke in flattering terms of Collierville school and community. She brought greetings from Hon. McDonald who was unable to attend. Mr. John H. George, principal of Bartlett High School and president of the Shelby County Athletic Association, who was present with his attractive wife, spoke of the athletic and scholastic program of the county. Mr. Elliot, with Mrs. Elliot, spoke of the new and broader scope of the modern schools in which field Collierville is a pioneer, he said. Dr. Yancey, with his wife, complimented the committee on the appointments of the banquet, and expressed his pleasure to be able to attend the function.

After the prophecy, the entree, consisting of sandwiches—black fillers in yellow bread, and yellow fillers in green bread—chicken salad, crackers, olives, pickles, and stuffed eggs, Mrs. Kelsey expressed appreciation to the committee on arrangements of which Mrs. Winston Jones was general chairman, and to all who made the banquet possible. For desert, ice cream in green and yellow colors with home-made angel food was used. The digestion was aided by lively music; Mrs. Ernest Farley tickled the ivories in no uncertain terms.

The honored guest of the evening was introduced by his old-time friend, Mr. Harry Williamson. U. S. Senator K. D. McKellar eulogized Prof. Williamson, Miss Powers, and those tendering so lovely a banquet in glowing terms. He was pleased that scholarship was recognized, and made an offer of ten dollars to the highest honor student next year.

Senator McKellar spoke of his school days at the University of Alabama, and of his work as a young lawyer. He spoke of his illustrious acquaintances, and decided to tell us of the seven presidents he knew intimately.

McKinley, the kind-hearted Ohioan. Roosevelt, the dynamic force who built the Panama Canal, and who is certainly one of the ten great men America has produced.

Taft, the favorite son of destiny, always jovial and entertaining. Wilson, a central figure among the world's illustrious and great, outshining them all. (Prolonged applause) The comradie between the president and his family. Harding, the overgrown boy, who admitted he was in the wrong place and who loved golf better than any other thing—a man led by all men at all times.

Silent Cal, the man enthusiast,

FIRE DESTROYS BUSINESS HOUSE IN GERMANTOWN

King Bros. Store Burned Monday
Night. Building and Contents
Total Loss.

Fire of undetermined origin destroyed the King Bros. store in Germantown last Monday night. The entire building and contents were a total loss. The fire was discovered about 11:30 p. m. and had gained such headway that it was impossible to save anything.

The building was owned by J. C. King and the business, conducted under the firm name of King Brothers Self Serve Store, handling a complete line of merchandise. Just recently the interior of the store was remodeled, new style fixtures being built and the Self Serve plan put into operation making it one of the modern and attractive and modern stores in that section. The building and contents were covered by insurance.

Mr. King is planning to rebuild as soon as possible on the same lot, constructing a modern store building, probably of brick, with new fixtures and with every convenience for his patrons.

ROSSVILLE BAPTIST CHURCH

Rev. J. P. Horton will hold services at the Rossville Baptist Church, Sunday morning, March 29th at 11 o'clock. He will preach at Germantown that evening at 7:30.

ATTENDS OPTOMETRY MEETING IN LITTLE ROCK, ARK.

Dr. Vance C. Roy attended a meeting of the Graduate-Clinic Foundation of Optometry in Little Rock, Ark., on March 22nd. Dr. E. B. Alexander, of Duncan, Okla., who was the principal speaker at this meeting accompanied Dr. Roy home to Memphis and spoke before a meeting of Optometrists there on Monday night, March 23rd.

ZONE MEETING AT LA GRANGE

The Zone Meeting at La Grange was held on March 20th, with Rossville, Moscow and La Grange being represented. There were visitors from Oakland and Whitville.

Bro. Riggs, the pastor of the La Grange Circuit, held the devotional. Our beloved leader, Mrs. H. C. Johnson, of Jackson, was with us for the first time since her accident. She gave a wonderful report of the Council held in Memphis. Several who attended told what had impressed them the most in the meetings.

Mrs. Bass, of Whitville, who is the superintendent of the children's department, spoke enthusiastically of her work, stressing the importance of the children having their paper, "The World Friend."

"How to Be a Good Member of the Missionary Society," "Problems of the Presidents," "The Circle Plan," "The Conference Minutes," "The Constitution of Adult Auxiliaries," and "The New Status of the Young People and the Missionary Society" were topics discussed.

At noon time, the ladies of La Grange served such a refreshing and delicious lunch in their own new church. The day was enjoyed by each one who attended.

—Mrs. J. B. Rives, Zone Sec'y

who improved each day of his life. The President Hoover, the 31st president who ranks 31 in ability, a man unfortunate in his dealings with his fellowmen, but a man who has the Senator's wish for better times during his last two years than he had during his first two.

The Senator closed with a promise to escort any young guest through the interesting buildings of our government at Washington when the guests were visitors in the Capitol.

The concluding number on the program was the presentation to the boys team with miniature basket balls by Coach Hudgens who told some traits of each boy, and ended the presentation with a short talk on athletics.

ANOTHER CAR LOAD OF THE NEW CHEVROLETS

The Kelsey Chevrolet Company received another car load of the New Chevrolets this week, the shipment consisting of three Coaches and one 5 Window Coupe. The many attractive features of the New Models make them very popular this season and the Kelsey Chevrolet display rooms present a very pleasing appearance.

HAVE YOU A GOLDFISH IN YOUR HOME? HARRELL DRUG CO. WILL GIVE YOU ONE.

And soon you may have a real, Japanese Goldfish, in a glass bowl. The Harrell Drug Company has arranged to give away several hundred goldfish at an early date. Arrangements have been made for a large shipment of these beautiful fish to arrive within a few days and this paper will announce the date of their arrival and tell how you may get one of these fish free. Practically every variety, size and color of Japanese goldfish will be in this shipment and they will be on display in a large aquarium at the store. Mr. Harrell has been working on this for some time and has succeeded in working out all the details, making it possible to give away these fish. You will be permitted to select the one you want and we would suggest that you watch for the announcement in The Herald and also for the display in the Harrell Drug Company widow.

R. L. B. C. MET WITH MRS. KEOUGH TUESDAY

Mrs. John Keough was hostess to the R. L. B. C. (Real Live Bible Class) on Tuesday of this week. Fourteen ladies were present. Miss Lydia Salmon had charge of the program, and Mrs. Edgar Morton led the very interesting character study of Rebecca. Miss Florence Coyle read a poem, "Some Day when We Have More Time." Miss Eleanor Fleming rendered a very delightful piano solo, after which Miss Salmon directed an instructive contest on Bible characters. Mrs. Sherlock Johnson was the lucky winner of the contest. After the Bible study and questions, delicious refreshments were served.

The R.L.B.C. meets every Tuesday afternoon from four to five, and the next meeting will be at the home of Mrs. John Thomas. The Book of Ruth is the topic for study and discussion. All ladies are invited to attend these meetings when ever they can.

Mrs. Neil Moore is president of the class; Mrs. J. F. Dudney is vice-president; Miss Doris Dudney is secretary; Mrs. Jack Jameson is assistant secretary.

Mrs. Virginia Piper and Mrs. R. L. Strong spent Thursday in Memphis.

Outspoken Monarch

The saying "an unlettered king is only a crowned ass" is attributed to Henry I, who was king of the English from 1100 to 1125. In those days it was not uncommon for a king to be unable to read or write.—Pathfinder Magazine.

Large Newspaper Collection

What is said to be the largest collection of newspapers in the world has been opened to the public in a newspaper museum at Aix-la-Chapelle, Germany. Among its collection of 150,000 newspapers are curiosities from all over the world, including an Eskimo paper from the middle of last century.

HEALTH COLUMN

By Dr. Wallace P. Moore

The following is recorded of a Great Teacher, "and He took a child and sat him in the midst of them; and when He had taken him in his arms, He said unto them, Whosoever shall receive one of such children in my name, receiveth me."

Conservation of a child's health, spiritually, mentally and physically is of paramount importance at this particular time and as it is the policy of the Shelby County Health Department to concentrate the community activities around the community church, school, and doctor, and the keynote for the May program being Community Responsibility and Co-operation for Child Health and Protection, we take this occasion to present "The Children's Charter."

THE CHILDREN'S CHARTER

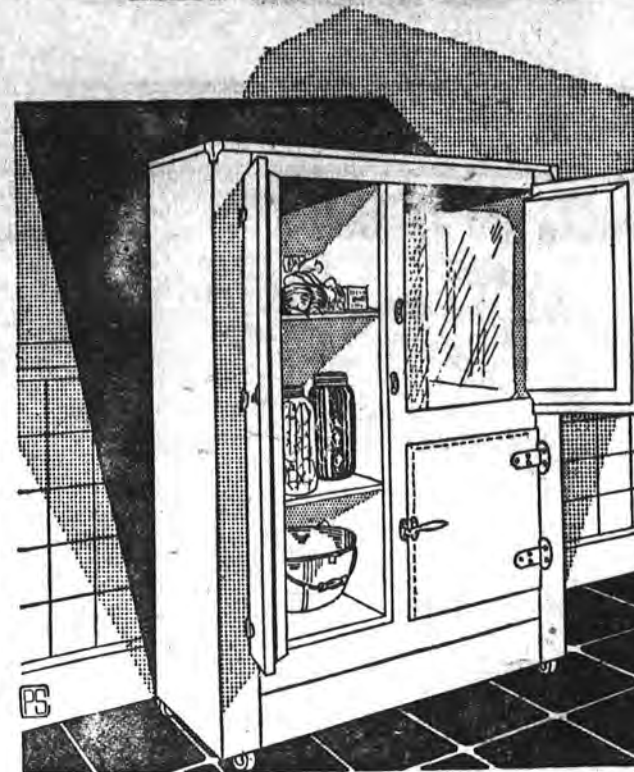

President Hoover's White House Conference on Child Health and Protection Recognizing the Rights of the Child as the First Rights of Citizenship Pledges Itself to

These Aims for the Children of America

- I. For every child spiritual and moral training to help him to stand firm under the pressure of life.
- II. For every child understanding and the guarding of his personality as his most precious right.
- III. For every child a home and that love and security which a home provides; and for that child who must receive foster care, the nearest substitute for his own home.
- IV. For every child full preparation for his birth, his mother receiving prenatal, natal, and postnatal care; and the establishment of such protective measures as will make child-bearing safe.
- V. For every child health protection from birth through adolescence, including: periodical health examination, and, where needed, care of specialists and hospital treatment; regular dental examination and care of the teeth; protective preventive measures against communicable diseases; the insuring of pure water, pure milk, and pure food.
- VI. For every child from birth through adolescence, promotion of health, including health instruction and a health program, wholesome physical and mental recreation, with teachers and leaders adequately trained.
- VII. For every child a dwelling place, safe, sanitary, and wholesome, with reasonable provisions for privacy, free from conditions which tend to thwart his development; and a home environment harmonious and enriching.
- VIII. For every child a school that is safe from hazards, sanitary, properly equipped, lighted, and ventilated. For younger children nursery schools and kindergartens to supplement home care.
- IX. For every child a community which recognizes and plans for his needs, protects him against physical dangers, moral hazards, and disease, provides him with safe and wholesome places for play and recreation; and makes provision for his cultural and social needs.
- X. For every child an education which, through the discovery and development of his individual abilities prepares him for life; and through training and vocational guidance prepares him for a living which will yield him the maximum of satisfaction.

No. 4

in a Series appearing in this newspaper

GIVE first thought to nitrogen this year in ordering fertilizers. It's nitrogen that gives your crops healthy growth and healthy yield. This year, more than ever, on account of unusual dry weather, nitrogen is most lacking in the soil. Play safe. Buy plenty of Chilean Nitrate of Soda. I've got a big supply. Cheaper than it has been for years. New 100-lb. bags, too. Order now and be sure of your requirements.

Your Fertilizer Dealer

CHILEAN NITRATE now comes in new 100-lb. bags that make it more popular than ever. It always has been the dependable fertilizer of Southern farmers. Side dress, top dress with Chilean Nitrate...and increase your yields, quality and profits. Be sure you specify "Chilean" when you order your nitrate. "Chilean" is the one important point to remember. It is your protection and your dealer's too. When you get "Chilean," then you'll get the real, money-making fertilizer—the natural nitrate. Remember the two kinds—Original Chilean (Crystalline) and Champion Brand (Granulated) both natural nitrate.

LOWEST PRICE in years

AVERAGE MOHAIR GOAT FLEECE WILL COVER CHAIR

Pile Renewed by Soap and Water

ORIGINALLY grown in Turkey and South Africa, the angora or mohair goat is now raised principally in the United States in order to meet the demand for the mohair fleece. Its popularity is accounted for in that it is the most enduring of all animal fibers and therefore especially suitable as an upholstery material which is destined to receive hard wear, as in automobiles and railway coaches.

The weight of mohair fleeces varies considerably, as do their length and fineness. Some of the fancy strands of mohair goats will grow hair so long that it has to be braided up on its back to keep it from being caught in the underbrush, and their fleeces when clipped will weigh as high as 22

pounds. This, however, is most unusual, as the average mohair fleece weighs 4.3 pounds, enough when scoured, spun and woven, to make sufficient mohair velvet or velveteen to upholster a living room chair such as the one shown above.

Fine furniture has for decades been upholstered in mohair velvet, but only in recent years has it been possible to get it in such variety of up-to-the-minute colors, designs and styles. More especially, the housewife will appreciate that mohair velvet is scientifically mothproofed at the mill, so that by selecting furniture so upholstered she need no longer dread the housewife's old-time bugaboo—the ravaging house moth.

In addition to its popularity as a fine upholstery fabric, mohair velvet is used for rugs, draperies and outer apparel.

LOEW'S STATE.

Friday March 27th, Lowe's State presents John Gilbert in "Gentle man, Fate" with Lella Hyams and Anita Page. Gilbert is seen as a man of unlimited income who has been raised by a guardian in the belief that he is an orphan. On the night of his engagement to an attractive society woman he is suddenly informed that his father is living after all, and is none other than the leader of a notorious New Jersey bootlegging ring. Subsequent events give him the choice of seeing his newly discovered parent captured by the police or throwing in his lot with the family fortune. The manner in which he faces this unusual problem and its resulting events make for a photoplay of swiftly moving incidents that maintains its bewildering suspense to the very last shot.

Loew's "Ace" Vaudeville offers the "Southern" idea of plaintive melodies of the south, old fashioned clothes and other varied and colorful entertainment.

LOEW'S PALACE

Saturday March 28th, Loew's Palace offers the excitement craving public a feast for its thrill-appetite in "The Conquering Horde" with Richard Arlen and Fay Wray and with more than 100 capable actors in the supporting cast. The time is the year after the civil war, and the state of Texas is at the mercy of the "carpet-baggers" who are taking advantage of the "carpet-baggers" poverty. Fay Wray, whose father left her finest ranch in Texas, is also threatened with ruin. She has a fine herd of cattle, but can get no money for them, since the nearest market is a thousand miles away thru the wilderness. Richard Arlen, her former childhood sweetheart, comes to Texas as a secret government agent detailed to expose the "carpet-baggers." When old sweetheart's get together something is bound to happen and plenty does happen in this exciting outdoors classic.

LOEW'S STRAND.

Monday March 30th, Lowe's Strand presents Joan Crawford in "Dance Fools, Dance," with Lester Vail, William Bakewell and Cliff Edwards. Joan's achievement as a dramatic actress in her recent films is overshadowed by her vivid portrayal in this sensational Chicago gangster story that penetrates deep into the heart of the underworld and finds in its core a drama thrilling and tragic. Joan plays the part of a madcap society debutante who turns to newspaper work after falling into financial and romantic reverses.

Beginning Thursday April 2nd, "Not Exactly Gentlemen" will be presented with Victor McLaglen, Fay Wray, Lew Cody and Eddie Gribbon. The story tells of the adventures of three bad men who are off women because their girls have tried to double cross them and turn them over to the sheriffs for rewards on their heads. That is they are off women until they meet Fay Wray and set out for the gold country. It seemed to them that life was one sheriff after another and they could neither get the gold or the girl.

14 FEEDS—
IN EVERY THIMBLEFUL!

14 FEEDS...all in one tiny thimbleful. 14 good feeds which are 'here in just the right proportion. There's the story of a real chick starting feed...Purina Startena Chow. A real story because one thimbleful of feed is all one chick can put into its little crop in one day.

Out of this tiny thimbleful a chick must get so much. That's why 'he 14 different feeds are there. Cod-liver oil...dried buttermilk...alfalfa flour...granulated meat...whole germ meal...linseed meal...these and eight other feeds are in every thimbleful of Purina Startena Chow...each one with a real job to do. Mixed over and over...960 times...every thimbleful alike.

The 1930 national feed survey of 1,834,513 chicks tells you the kind of a job these thimblefuls do. At six weeks of age, 92 out of every 100 Purina-fed chicks are alive and growing. And they weigh an average of one-fourth of a pound more than other chicks. There's the story for you! The proof that the 14 feeds in Purina Startena Chow (mash or all-mash) actually give a chick the many, many things it must get from a thimbleful of feed. Purina Startena Chow is here...ready for you to feed. Call or drop in on us in your first spare moment.
