		-All Departments-	(Approximate Increase)
	<u>1945</u>	<u>Main Expense Items comparison.</u>	<u>1946</u>
Payrolls	36289.77		51357.23
Supplies	16262.44		27307.37
		Surplus (All Properties)	
	304269.22		326932.17
			22662.95

Increased prices, with expansion of repairs to properties in rundown condition during war years are accountable for the rise in expenditures, chiefly in general departments. Recreational facility costs have increased and will continue to be a substantial item of expenditure until program is more or less complete. Increase of population, with expansion of utilities and widening of streets, under present conditions has called for additional work and material under trying conditions. Pay roll of the general department has been reduced substantially starting about September 1st., now that the peak has been passed, etc. A high rate of collection of accounts due the Town has been responsible for a small delinquent listing. REVENUES RECEIVABLE include accounts rendered Oct. 1st. 1945 before monthly accounts could be collected.

"ON MOBILE BAY"

-Present Electric Rates -**Residential Rate(per kilowatt)
(Gross)**

First 10 KW	@	1.10	or .11 gross
Next 40 KW	@	5.5 cents	per KW
Next 100 KW	@	3	" "
All over 150 KW		2	" "

Subject to 15% discount for prompt payment where no past due bills are owing.

**Commercial Rate-(Stores, Hotels, Rooming Houses, etc.)
(Per KW Gross)**

Demand charge: 1.10 gross for first 2 KW load, plus 1.10 per KW load over " KW.

First 10 KW included or furnished in demand.

Next 40 KW @ .07 per KW

Next 50 KW @ .04 " "

Next 150 KW @ .03 " "

All over 250 KW per Mo. @ 2½ cents per KW

Note:

Demand charge is necessary to apply where equipment is used at pleasure or necessity of customer, to charge for electrical lines and transformers standing in reserve, with only partial use as customer requires current at turn of the switch. Hence large amounts of equipment must be located permanently, although it is utilized infrequently. This is a usual charge set up by all power companies.

The suggested reduction via larger discount, would appear to be practical if applied to the above rates affecting better than 95% of the customers. However, the following rates, if discounted by 25% should be revised in the higher use brackets, where it appears that the discount would cause current to be sold at cost or slightly below cost, although at present no customers use into the checkmarked brackets. If, at a later date customers were to take advantage of the high bracket, causing the rate to be revised upward, it might appear that they were led to use large amounts of power so that rates could be raised on them, etc.

Industrial Rate(Gross)

1.11 Gross per KW of demand (includes first 10 KW)

3.3 ¢ for first 1000 Kw. - 2.2 ¢ per KW for next 4000 KW

1.1 ¢ " next 15000 KW - 9.8 mills for next 30000 KW

8.7 mills for next 50000 KW

Time Meter Service(for off peak loads)

1.00 for first KW demand - .50 cents for each additional KW demand.

1½ cents gross for 1st 100 KW - 1 cent for all over 100 KW per Mo.

"ON MOBILE BAY"

(#2 continued)

As stated, a 25 % discount applied to the I.I ¢ current, or the 8.7 mill current, as provided by the industrial rate, or applied to the Time Meter service, at 1 ¢ per KW, would result in too close a margin or a loss on this type of sale, although the customer would be required to use higher priced current before taking the low cost current. At present no customer goes beyond the 3.3 cent Industrial Rate and one or two avail themselves of the Time Meter rate, available only during certain hours of the twenty-four.

Although no accurate figures are available on the cost of current at the customer's premises, a cost of slightly in excess of 1 cent would not be off too far, if figures arrived at by Dr. Gaston, Marvin Nichols and me, some months back, were used.

There appears to be too wide a gap between the second and third bracket of the Industrial Rate and the fourth bracket is obviously too low for any discount increase, although it is not being used at present.

Also, the Time Meter rate is apparently too low for discount to be increased, hence it appears that these should be revised upwards, before any further discount is made.

During the months of Sept.-October, when the diesels were out of commission for quite a few days, 189600 KW hours of current was purchased from Riviera, at a cost of 1879.60 or slightly in excess of 9.9 mills per KW., which was in excess of the cost per KW if a greater proportion of our total requirements were to be purchased.

In November, 76,800 KW cost 829.60 or approximately .0108 per KW., due to our not entering the lower brackets as in the previous period.

Dear sirs:-

Enclosed you will find check for \$12.68 to cover the 2nd half rent on my lot at Fairhope. I believe this is the amount but was unable to locate the bill you sent me in reference to it.

Kindly send me a receipted bill so that I can file it with my papers covering this property.

Yours very truly,

A handwritten signature in dark ink, appearing to read "J. V. Faley". The signature is written in a cursive style with a horizontal line underneath.

Attention Dr. C.A. Gaston,
Fairhope, Ala.

Dear Dr. Gaston:

Your letter enclosing receipts, bill and check received and I thank you very much for attending to everything for me.

I am returning the check and also enclosing my check for \$15.01 and the two checks will take care of the rent for the first half of 1941.

We had very dismal and raining weather here the first part of the year too, but the last few days have been cold but clear and very nice.

Wishing you and family a very happy year, we are.

Yours sincerely,

Augusta.

Fairhope, Alabama

Dear Sirs:

Fairhope will have its first band this following week consisting of the grade and high school students. It is hoped that the band will have approximately forty or fifty members. In order to have a band of this size it is necessary to have a number of larger and very expensive instruments to make a well instrumented band.

It is the practice in other cities for a group of interested individuals to form a Band Parent Club and solicit funds with which to purchase these heavier instruments. Fairhope, accordingly, has organized a Band Parent Club which is now functioning along these lines, having purchased some \$2000.00 worth of instruments which will be rented at approximately \$1.00 a month to students using same.

In as much as a band is a prime factor in supplying occupation, recreation, and a general interest to a number of students, we feel that your organization might be interested in furthering this movement.

If you feel that this band has merit as a youth movement, we would most certainly appreciate any monetary assistance you might be willing to give us.

Very truly yours,

Jno. S. Huffman

Fairhope, Alabama

Dear Dr. Gaston:

I am sending you attached to this letter a
copy of the tax receipt on my car for the year
1944 and wish that you give me credit for this tax.

Yours sincerely,

James B. Gugg

Fairhope Ala.

April 25-40.

Fairhope Single Tax Colony,

Enclosed I am sending
you tax receipts for '37-40-
and '41.

I have quit farming for
market and am going
to try and do something
else - At present I have
a job and if I can make
a go of it I am going
to try my best and
pay on my rent if I
can't, I'll send you details
& price of my place & let
you sell it for me. I'm
hoping I won't have to sell
tho.
