PLANNING TO BUILD A NEW HOME OR TO REMODEL?

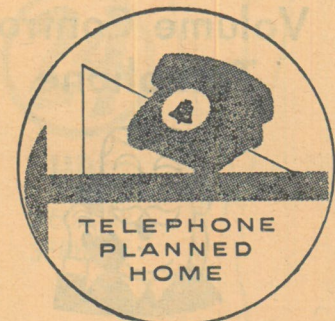

Telephones today should be located throughout the home for the most in comfort, convenience and protection.

Have Your Architect or Contractor Place BUILT-IN TELEPHONE OUTLETS During Construction. They Add Little to Building Costs.

Locations of telephones can be changed or additional telephones added in the future without tearing up flooring or running wires along baseboards.

Before you build or remodel, consult our "Telephone Planning Service", Telephone HErnlock 2-9081.

PLANNING TO BUILD A NEW HOME OR TO REMODEL?

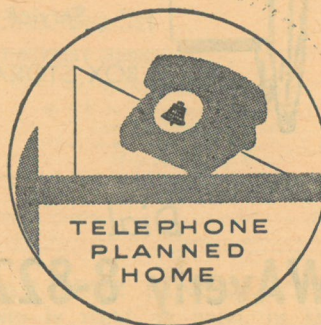

Telephones today should be located throughout the home for the most in comfort, convenience and protection.

Have Your Architect or Contractor Place **BUILT-IN TELEPHONE OUTLETS** During Construction. They Add Little to Building Costs.

Locations of telephones can be changed or additional telephones added in the future without tearing up flooring or running wires along baseboards.

Before you build or remodel, consult our "Telephone Planning Service", Telephone HEmlock 2-9081.

Good telephone service depends to a large degree upon the team-work of telephone men and women all along the line. Linemen, installers, operators, engineers, service representatives—all work with one purpose in mind—to give you the finest telephone service in the world at the lowest cost consistent with financial safety.

TELEPHONE AUTOMATIC ANSWERING SERVICE

(A Bell System Device Connected With Your Telephone)

- **ANSWERS YOUR TELEPHONE when you're away—**

Before going out you dictate into the answering device whatever message you would like it to give people who call while you're away. Each call is automatically answered with your recorded message which asks the caller to leave his name, telephone number and message.

- **RECORDS MESSAGES LEFT BY CALLERS—**

Up to twenty messages can be recorded for play-back and handling when you return.

- **COSTS LITTLE—**

This full-time service costs less than 50 cents a day, plus a small installation charge.

The telephone service in your business or home can be fitted to your particular
communication requirements. Here are some examples:

INTERCOMMUNICATION SYSTEMS for speedy communication between
different parts of the office, home or plant.

TELEPHONE OUTLETS AND PORTABLE TELEPHONES for locations
where permanently connected telephones are not required.

EQUIPMENT for the reception of telephone orders with speed and efficiency.

ESPECIALLY EQUIPPED TELEPHONES for persons with impaired
hearing who have difficulty in hearing over a regular telephone.

A telephone call to our business office will bring a representative who will discuss
with you your particular telephone needs.
