Dear Mr. Ohme:

I have hunted all through July issues also June and August and went back into 1924, thinking you might have gotten the wrong year, but have been unable to locate it.

Since writing the foregoing I have made another search and found ~~the~~ in issue of March 13th 1925, an article which I think, must be the one you have in mind and am enclosing same. You are at perfect liberty to make any use of it you see fit and if you think is another mention which will do more good, let me know. Think however, this is what you had in mind.

Mr. W. D. Bremner,
New Port Richey, Fla.

Dear Sir:-

I regret very much that your inquiry was not attended to sooner. The secretary left a short time ago and in the confusion and extra work some things were neglected.

At present the Single Tax Corporation has no town lots available for lease. There is considerable good agricultural land in the country from three to six miles out.

At all times there are lessees both in town and in the country who have their improvements for sale. Improvements are sold and leaseholds transferred so that property changes transactions differ only in that there is no selling of the land.

I certainly hope that this reaches you before your departure on your prospecting trip and that I shall have the pleasure of seeing you here. Under separate cover I am sending printed matter.

Sincerely yours,

Town lots are
not available.

Platting addi-
tional lots soon
available.

To Sec. Single Tax Colony,
Fairhope, Ala.

A few weeks ago I
went from Fairhope to Mobile by ferry - while
on the ferry I happened to talk to a Mr
Becker who told me of a single tax colony
at Fairhope - He gave me the name of a Mr
Gaston with whom I might correspond
— as I had told him I was a believer
in the single tax idea - I wrote to Mr
Gaston — about a month ago - I have not
yet heard from him - Perhaps I did not
understand Mr Becker - or it may be that
there is something wrong with the mail.
If you would be kind enough to send
me information about what property
you have for lease, &c. I will surely
appreciate it - About two weeks from
now several of us are starting out from
here to go up through South Georgia &
Southern Alabama to look for a permanent
home. May I hear from you before leaving here

Thank you - Very Sincerely - W. D. Bremner -

Norman B. Maddocks,
11345 Lunwood Ave.,
Detroit, Mich.

Dear Mr. Maddocks:-

I have received the deed to you for the Mann land and, have forwarded same to Bay Minette for record, with instructions to return to me.

I am enclosing a statement regarding your agreement to convey same to the Colony on receipt of the four \$500 payments and interest, which you and Mrs. Maddocks please sign and return. Seems to me this should put the matter in proper shape. You will have the title and we ~~take~~ your agreement.

Mrs. Gaston and I leave Mobile Saturday night on our "Great Adventure" Are certainly most grateful to you and Mrs. Maddocks with our other friends for your most gracious part in making it possible for us.

It is not improbable that we may take in Detroit on our return trip. If so we would be there about August 20th.

Hope you are well and having a fine summer.

With very best regards,

T.E.Mann,
Gladbrook, Iowa.

Dear Brother Mann:-

I enclose herewith the quitclaim deed of the S.S. Mann corporation to the Fairhope Single Tax Corporation, which I should have attended to before, and which if you will return I will have filed and get the matter straightened out.

Am taking the matter of last year's taxes up with Bay Minette. The land was not advertised for sale this spring.

Am within three days of starting on the wonderful trip to Copenhagen, which will include a few days sight-seeing in England, Switzerland, Germany and France. Mrs. Gaston accompanies me and we are going to have a great time I am sure.

Most sincerely yours,

"Facilities for building the Chevrolet car will be equal to those for producing the finest high-grade automobile made in this country, regardless of price," said Mr. Knudsen.

"The expansion is being made in line with the Chevrolet Motor company's closely followed policy in the past of utilizing the most modern equipment available, enabling us to constantly increase the quality of our product.

"Inherent quality is the most essential feature of any automobile, and must of necessity be greater in a lighter car than in the heavier types, where the factor of safety need not be figured so closely.

"This unprecedented expansion of the Chevrolet Motor company has no other explanation than that of the constantly increasing demand on the part of the public for the improved car. It is recognition on our part of this steadily growing favor of the Chevrolet car with the motor-buying public that has caused us to prepare for the future and to be ready to produce 1,000,000 cars during the coming year."
