Editor's Message

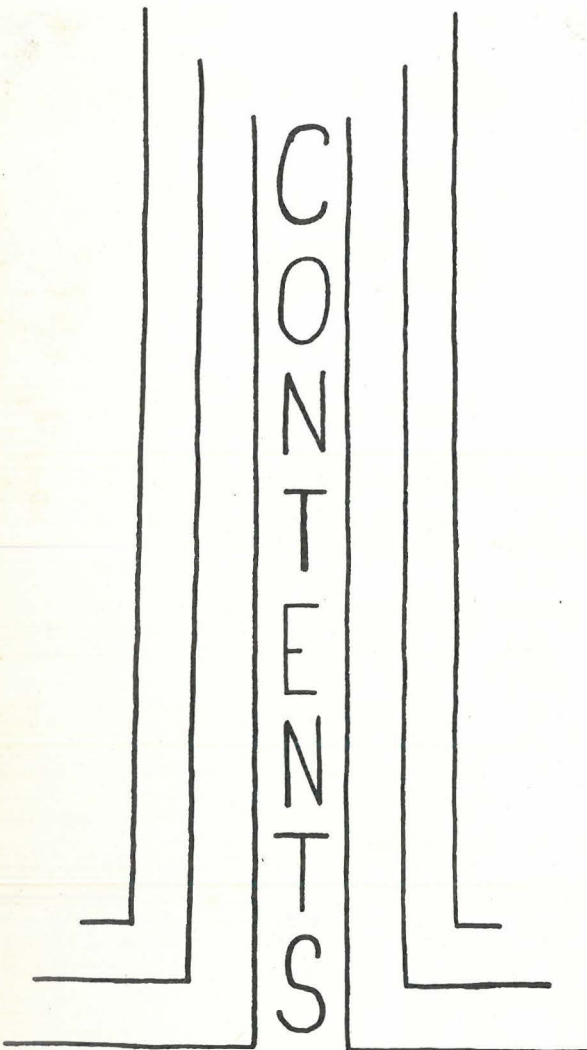

To the staff, faculty, student body, and everyone who gave us their cooperation, time and energy goes our most sincere thank-you.

As you thumb through the past events of our Senior year, we sincerely hope you will enjoy, as we did, the many activities and experiences that went to make it a complete success.

It has been one of the most enjoyable of all our school years and we hope you will enjoy a brief panoramic view of it.

Our Parents

In Memoriam

Mrs. Sara B. Taylor

You will always live in our memory, Mrs. Taylor,

For the interest you had in each of us,

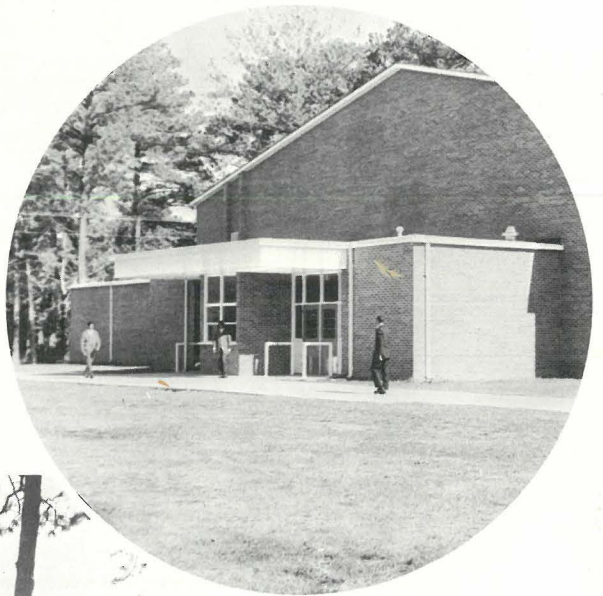

For the knowledge you shared,

For the outstanding contributions to the school
and the whole community.

For your personal integrity, exceptional com-
petence, and abiding compassion.

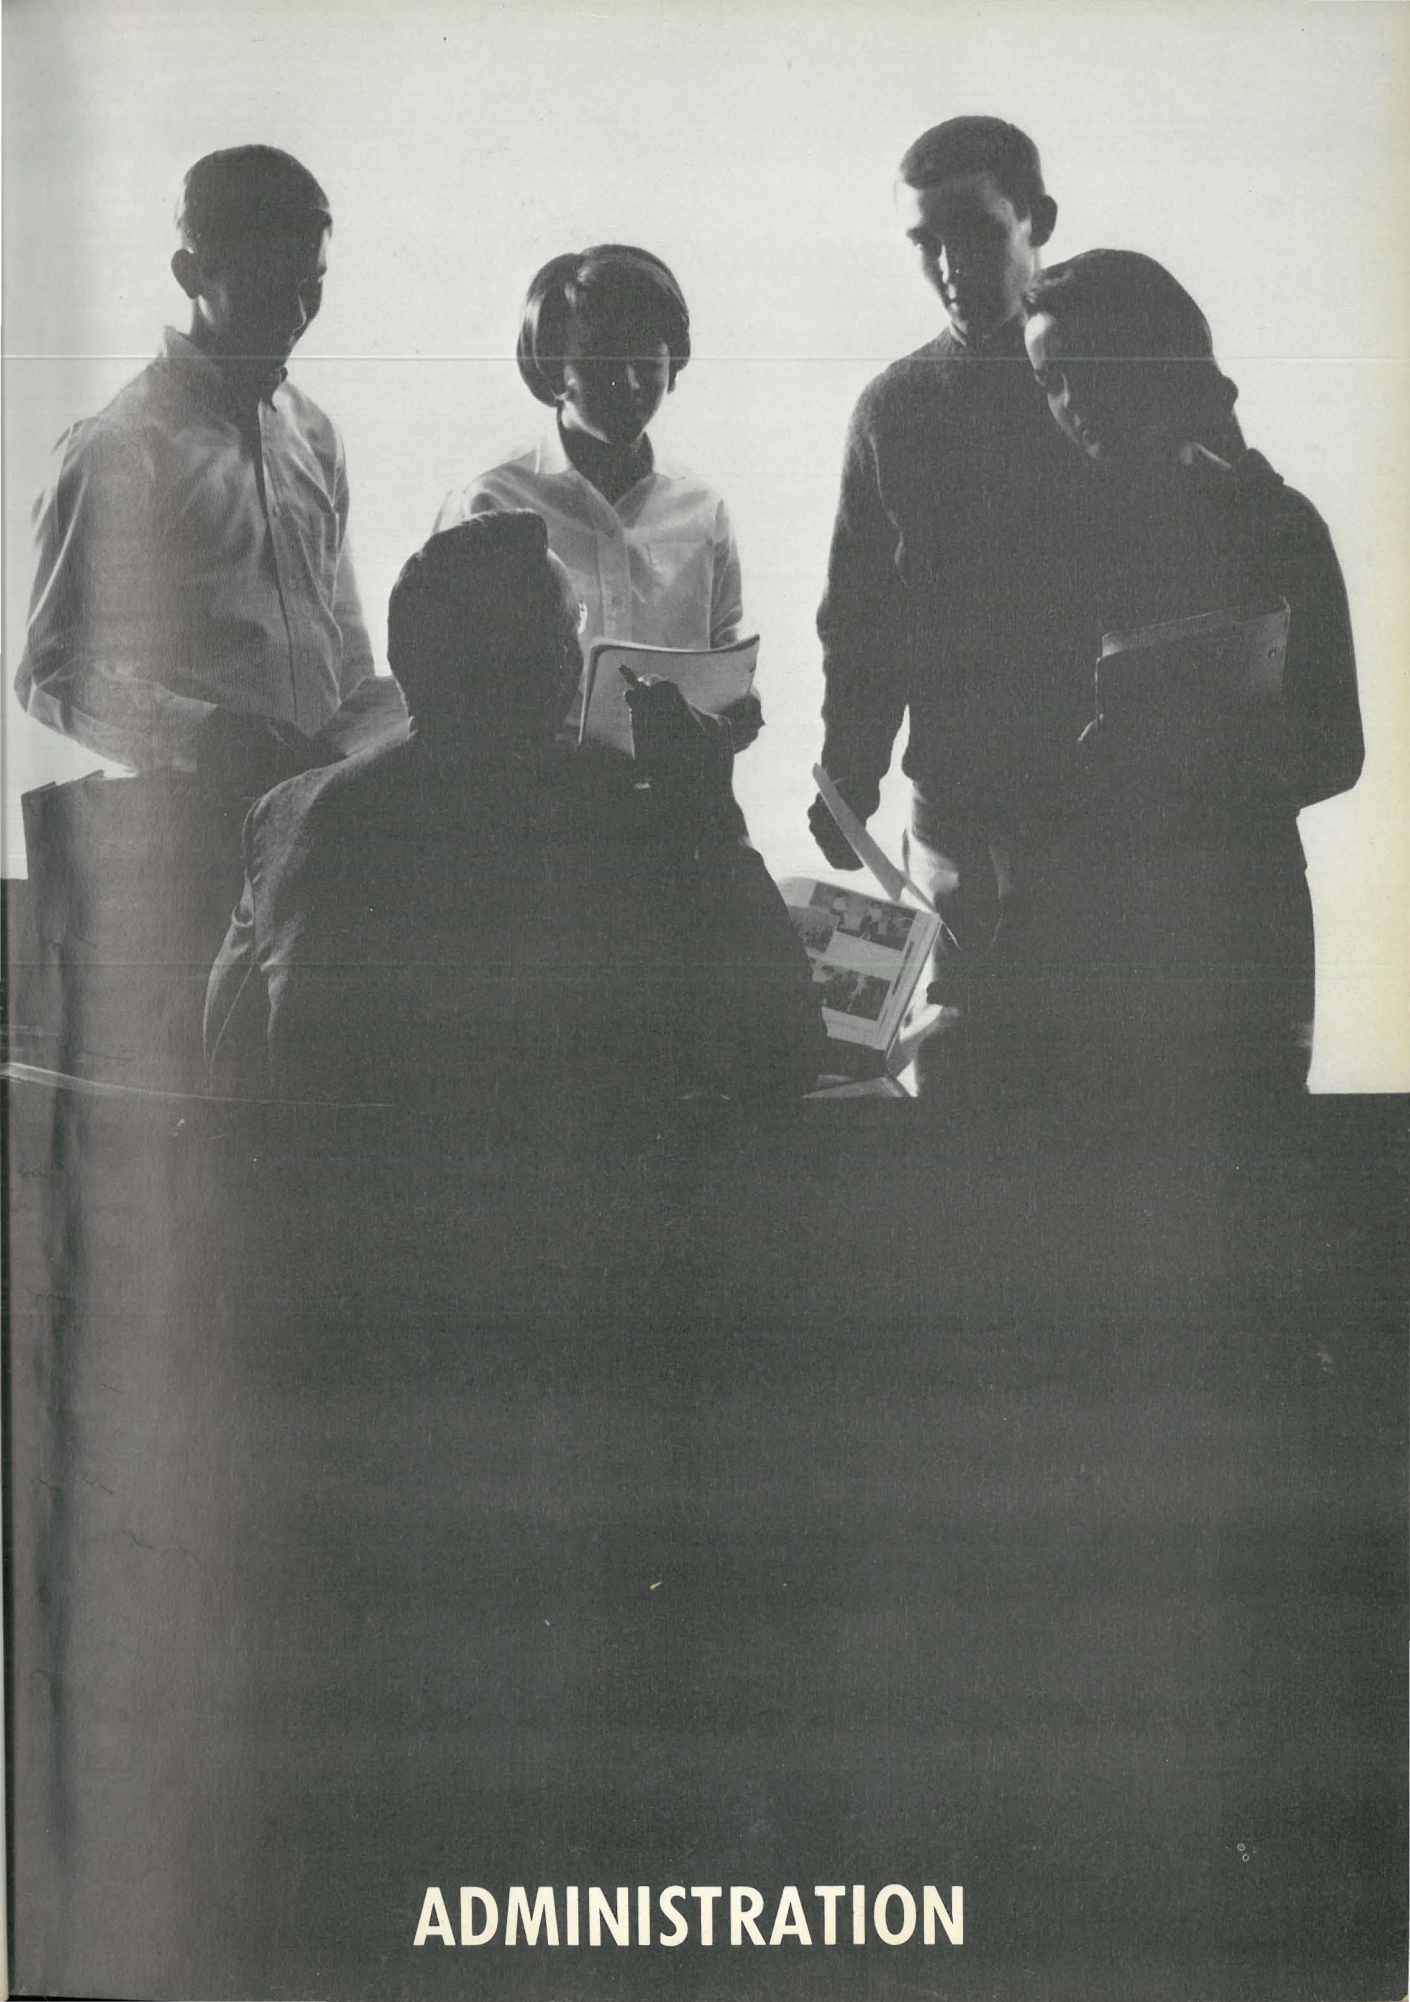

ELEMENTARY BUILDING

GYMNASIUM

MAIN BUILDING

ADMINISTRATION

Principal's Message

I take this method to express my personal congratulations to the Class of 1966. It is the hope of the administrative staff and faculty that you will continue to further your formal training in the years ahead and strive for advancement in life that will coincide with the rapid changes and growth of the society in which you live.

A handwritten signature in dark ink, which appears to read "W. J. Carroll". The signature is stylized with a large, sweeping "W" and a long, horizontal stroke at the end.

W. J. Carroll

Guidance Counselor

COUNSELOR'S MESSAGE

To you who share this happy occasion, I extend sincere congratulations.

You have reached an important milestone in your lives. May each one of you be inspired by the pride, joy, and success of this moment to continue in your search for the best in life. Please accept my best wishes for a future that is filled with continued success and prosperity.

E. P. Harpe

Mrs. E. P. Harpe

Assistant Principal's Message

You have now completed the foundation for your future. May I congratulate you for having reached this goal.

With the increased need for competence and the increased competition in the search for security, the response on your part will be more and more demanding. I feel certain that each one of you will meet the challenge squarely and prove yourselves worthy of our faith in you.

A handwritten signature in cursive script that reads "L.C. Taylor".

Girl's Physical Education Department

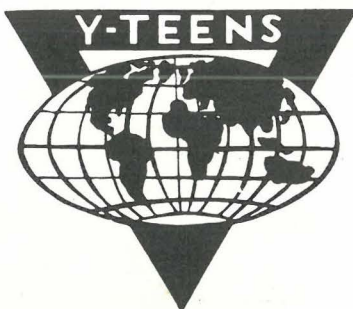

It is the aim of the girl's physical education program to provide opportunities for the greatest possible physical, mental, emotional, and social development of students by creating an environment favorable to the acquisition of neuro-muscular skills and organic vitality so that the girls will use their powers intelligently and cooperatively and be able to make the best possible contribution to society.

Cheerleaders

The Wolverines were cheered to victory by eight vivacious girls. The spirited eight included Frances Davis, captain; Marcia Jenkins, co-captain, Patricia Thompson; Cleo Knight; Gardenia Moorer; Linda Hardaway; Gloria Valrie; and Collie Milton.

The cheerleaders are the core of Baldwin's Spirit. Their enthusiasm penetrates in the air, infusing all with pride in ole "B. C. T. S."

FAVORITES

KEEP SMILING!!

IT MAKES PEOPLE WONDER
WHAT YOU'VE BEEN UP TO

Greetings!

Here's congratulatory
messages coming your
way, upon leaving
honorably the old, fun
walls of mighty Fisk.
I envy you, not ~~just~~ for
being a graduated Fiskite
(I'm true to Marehouse), but
~~just~~ for having that B.A.
piece of paper rolled in
your hip pocket. Someday
we'll get together and
pat each other's back!

How's your summer
progressing, so far? You'd
planned on attending

Space-Science Demonstration

A number of experiments and demonstrations were used during the lecture to explain basic scientific principles and how these principles are applied in the exploration of space. The lecturer explained how certain principles were recognized and stated as physical laws by Sir Isaac Newton and others. Simple experiments were performed illustrating solid and liquid types of rocket fuels. Other equipment was used to show a satellite in an earth orbit, to explain the forces acting upon the satellite, and to demonstrate the use of solar cells to provide electrical power in space.

Junior-Senior Prom — "Summertime"

The Junior-Senior Prom, theme "Summertime," was one of the biggest headliners of the year. Our queen, Miss Carolyn Cook, was, without a doubt, the fairest of all. Our success was due greatly to the cooperation of the Juniors in the preparation of this affair.

Class History

As we the 96 graduates of 1966 are about to depart from our beloved school, we look back over our past and recall the memories that are so very dear to all our hearts.

63 of us entered Baldwin County Training School for our freshman year of 1962-63 as carefree freshmen. Our understanding sponsors were Mrs. L. H. Thomas and Mrs. E. Leonard. Our enrollment was further increased by additional new members, one of whom was Carolyn Frances Tullos who was later to receive one of the highest honors that can be bestowed upon a young lady attending this school.

Our enrollment in the tenth grade numbered about 120 students. The responsibility of guiding and teaching us rested in the hands of our capable sponsors, Mrs. H. P. Jenkins, Mr. J. H. Montgomery, and Mr. T. J. Lee. A number of new students came to us from Anna T. Jeanes Junior High School. This year was somewhat special to us because it was the beginning of our senior high school days. We had representatives from our class in the areas of football, basketball, and track. We were also well represented in the Homecoming, Wonzanza, and May Day festivities.

The year 64-65, our junior year, was one of many memorable experiences. Our very able sponsors were Mrs. E. H. Cunningham, Mr. T. I. Valrie. It was

Class History, cont'd.

under their supervision that the junior class presented an extraordinarily successful Wonzanza skit entitled "It Happens Every Spring." From our class Emily Quaites was crowned Miss Junior for '64-'65. Nine of us were selected to succeed the twenty-five honor students of the graduating class. It was during this year also that we sponsored a wonderful Prom, "Wonderland By Night." Bill Washington and His Combo furnished the music.

At last it was here--our long awaited senior year, but for us it wrought not only joy but feelings of sadness. We devoted many hours to serious study in preparing for our future endeavors. Of the 96 students eligible for graduation, we have had from 25 to 30 students constantly making the honor roll, Mrs. Carroll's section having the largest per cent. Mrs. E. H. Leonard and Mr. John Leonard are the other two sponsors. This year Carolyn Tullos was elected Miss Baldwin County Training School; Linda Kidd, Miss Homecoming; Maxine Yelding, Miss Varsity; and Marsetta Ray, Miss Senior. Our Senior class is said to be the largest ever graduated from Baldwin County Training School.

Even though we have made many mistakes, we, the senior class of B.C.T.S. are proud of the history of our class. We pledge our loyalty to "Dear B.C.T.S."

Class Prophecy

Having been endowed with "supernatural powers," I am able to see into the future and predict the vocations of some of my classmates. As I sit here in the spring twilight and gaze deeply into my crystal ball, I see a cloud forming on the surface.

The turmoil of foggy mist slowly clears and I can see something taking shape before my eyes____

Leroy Harris is an All-American Football Player who hasn't had a chance to perform, but serves as water boy for the "Weakleg Warblers." Johnny Jemison and Curtis Harris are linemen for the Baltimore Colts--- they paint the white lines across the field.

Collie Milton, Annie Autry, and Carolyn Cook are now performing at the Metropolitan Opera House____they are scheduled to do a show for "Old Maids Anonymous."

Patsy Agee and Alex Autrey have just built a honeymoon cottage next to Maxine Yelding and Blanchard Knight. They are both happily married couples; Blanchard and Alex just love washing dishes, scrubbing floors, waxing, --

Flash! Yvonne Perry and Doris Mosley have just won first prize in the Olympics competition, a five-day stay in the Sahara Desert.

You all remember Earl Bracy, he is now a famous politician whose famous saying is - "I am the greatest." His faithful wife Olivia Harrison travels with him.

Drs. Charlie Suggs and Alonza Smith have just discovered a drug to turn man into an ape. Dr. Smith tried the drug on Suggs but suddenly discovered they had forgotten an antedote. All we can say is---keep a large supply of bananas on hand.

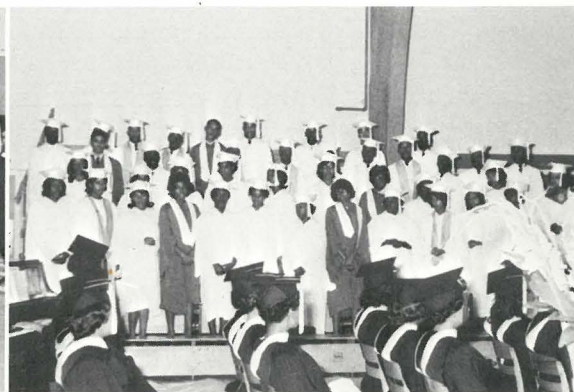

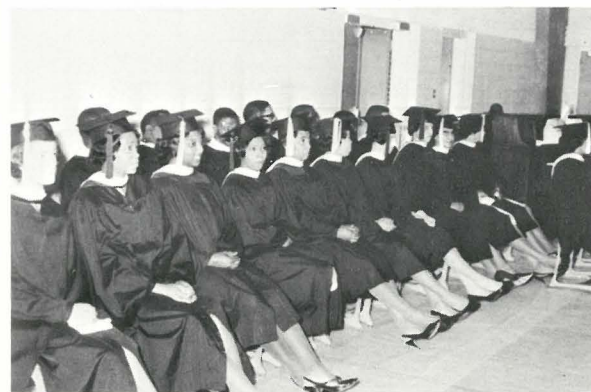

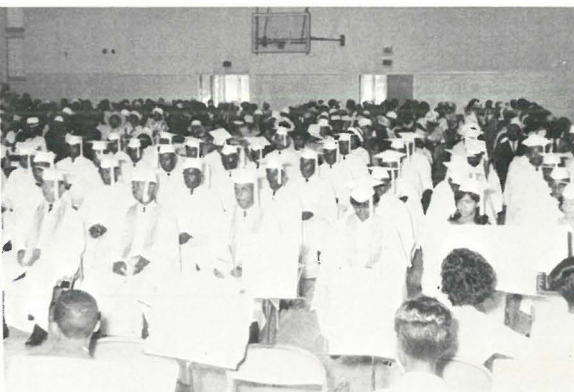

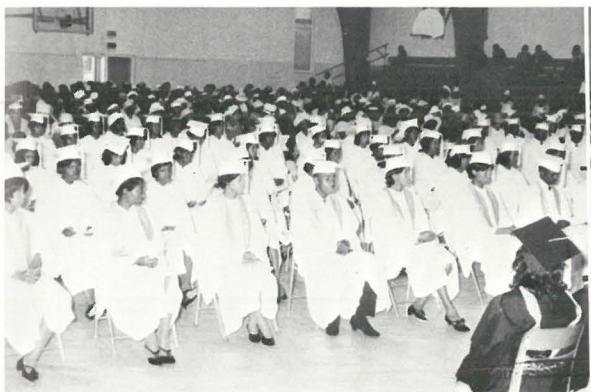

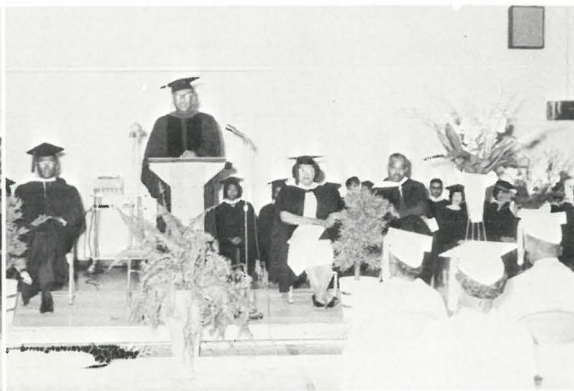

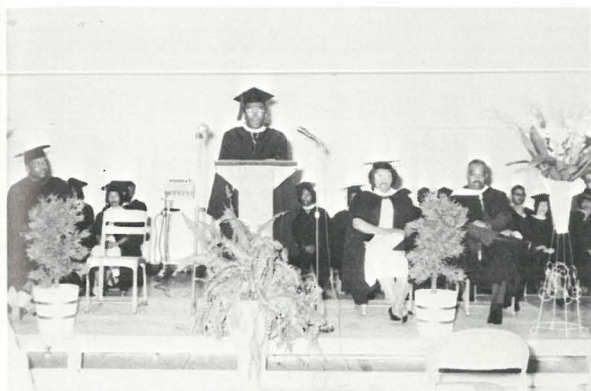

Ilene Jones and Emma Weeks have just returned from a missionary trip in darkest Africa because one of the natives invited them to stay as dinner.

Willie Wilson, Marsetta Ray, and Raymond Watts are making the headlines with their great scientific contributions. After years of writing and re-writing their formulas, they have finally come up with the formula for making "Stiff" non-sticky peanut butter.

My crystal ball is becoming foggy again so I will have to rest my powers.
