

Toiyabe National Forest Ranger Roll Call

History – The Toiyabe National Forest is located in northern and central Nevada and was established in March 2, 1907. It ceased to exist in 1932, when it was absorbed by Nevada National Forest but was reestablished in 1938 from parts of Humboldt, Mono and Nevada. Since 1995, it has been administratively combined with Humboldt National Forest, though the two remain legally and geographically distinct. The forest is subdivided into three ranger districts: Austin-Tonopah, Bridgeport, and Carson. It also encompasses the Spring Mountains National Recreation Area.
