DEATH OF MRS. E.G. MORGAN

Mrs. E.G. Morgan died at her home in Fort Dodge, Iowa on Thursday last from abdominal abscess. She will be remembered by our readers as having spent the past winter here with her husband and sons, Charles D. and Augustus T. The latter of whom resides here but was present at the death of his mother. Mr. and Mrs. Morgan were greatly respected by their friends here and their sympathy is with the bereaved family.

F.N. Myers returned the last of the week from a trip through Iowa, Illinois, Wisconsin, Michigan and Ohio. He reports that he finds as many who are coming to California this year as came last and a more desirable class of citizens many of them being actual farmers. He predicts good times for this winter not a boom but a solid rapid increase in population and business.

A NEW BANK

A number of Monrovia citizens in connection with others have organized a new banking institution for Los Angeles. Among the stockholders are F.N. Meyers, J.F. Sartori and J.H. Bartle of this city, A.J. Bowne of Michigan, M.B. Shaw, Michigan, S.A. Fleming of New York city, I.W. Hellman and others. The bank will be located on Main Street between first and Second and will be opened as soon as the building is completed probably by the first of the year.

A CHANGE

The *Messenger* appears this week in a change form. We believe the new arrangement will give better satisfaction to both the reader and the advertiser. At the same time it will better allow the publishers to accommodate the size of the paper to the demand of advertisers. Under the old style, if there happened to be an extra amount of advertisements the reading matter was curtailed accordingly, to the dissatisfaction of the reader, while on the other hand if Advertising were slack an extra expense in setting an increased amount of reading matter was imposed upon the publishers when they could least afford it. The *Messenger* in future will appear as an eight, ten, twelve or sixteen page paper, according to the patronage extended by advertisers, and being in book form will naturally be better appreciated. Our patrons may rest assured that we shall continue our unflagging efforts to make the *Messenger* the leading journal in the upper San Gabriel valley and thoroughly representative of Monrovia and the productive adjacent region. May every citizen lend a hand in the good work by subscribing for himself and his eastern friends.

AMERICA WINS

Harrison and Morton Elected by s Good majority

Just how it happened is what worries the enemy, but it's a fact that President Cleveland is the worst defeated candidate the Democracy ever had. Every state outside the Confederacy (except New Jersey) has cast its electoral vote Harrison and Morton. ____

THE VOTE IN MONROVIA

The day here was unusually pleasant and a lively interest was taken in the balloting, and everything passed off in the best of humor. The vote was fully as large as was expected and makes a good showing for our town, the precinct comprising only the corporate limits, and when it will be remembered that there are many of our citizens who have not been in the state long enough to secure a vote. The only candidate over which a special fight was made was for treasurer. There were 245 vote's cast of which 160 were republican, 65 Democratic and 30 Prohibitionist.

THE NICHOLS BLOCK

The J.B. Nichols block on Palm, just west of the Granite Bank is now completed and is one of the handsomest and most convenient business houses in the city. It is built of brick and is two stories in height. There are two large storerooms on the ground floor, fitted up in fine style, one of which Mr. Nichols occupies with his large stock of carpets, curtains, lambrequins, mats, etc. The other room is not yet leased. On the second floor there are twelve rooms, so arranged so that they can be used en suite or single. These rooms are very cozy and attractive and are provided with grates and closets and besides there are bathrooms, lavatories and everything to add to the comfort of the occupants. The exterior of the building is also fine, the storerooms having plate glass window fronts, and in the upper story are three bay windows, two circular and one square. The cost of the structure, exclusive of the lot, was \$8,000. Mr. Nichols has shown a commendable zeal and a strong faith in our town in investing his money and deserves a generous support in his business.

IMPORTANT MEETING

There will be a meeting of the citizens of Monrovia and Duarte at W.N. Monroe's office tomorrow (Friday) night to discuss the matter of establishing a cannery and other manufacturing enterprises in Monrovia. The time is ripe for action and propositions are before the people, which should be acted upon. Every person who is interested in the matter is urged to be present without fail. Let us show that we are still alive to our own interests and those of our city.
