# Manitowish Waters History

A trip down memory lane reveals a colorful story and alluring history of Manitowish Waters. From the earliest Native Americans to settlers and vacationers, people have traveled to this area for the inherent natural beauty, rich history, bountiful resources, and strong sense of community.

In the 19th century, Voyageurs, Native Americans, loggers, homesteaders and entrepreneurs populated the Manitowish Waters area. Resort business and homesteaders brought early settlement, with the first lodge built on Island Lake in 1880. Early vacationers were mainly sportsmen and people of means, traveling by rail from Chicago and Milwaukee, then horse and wagon, and onto boats to reach their final vacation spot. The importance of rejuvenation and vacation was a growing concept in the 19th century.

As the 20th century progressed, fishing guides worked around the clock to satisfy adventure seeking anglers. Gambling was a favorite pastime and during the days of prohibition, lodges and halls were filled with "one armed bandits" and "rum runner" spirits. One of those lodges was Voss' Birchwood Lodge on Spider Lake founded in 1909 by Ruth & Henry Voss. The lodge still operates today as a resort, bar and restaurant.

Tightrope walker Bob Loveless and a caged bear at the Howling Bear were big attractions. Famous and infamous guests were legendary.

*Lloyd & Audrey Voss*

*Little Bohemia Resort*

In 1934, the Dillinger gang shootout took place at Little Bohemia Resort where memorabilia are preserved to this day. Little Bohemia still serves food and guests can tour the lodge and memorabilia and see bullet holes that are still in the walls. Carl Christensen, the Manitowish Waters town constable at the time, survived but was riddled with eight bullet wounds. Carl's scrapbook and other historic artifacts are housed at the Koller Library and at businesses throughout town.

*Bill Monroe*

Due to Carl's injuries during the FBI shootout, the Federal Government awarded him a settlement of \$3,500 which he used to start a small resort and bar on Hwy 51 in Manitowish Waters. The resort became known for bringing in some of the biggest names in "Bluegrass" like Bill Monroe, the Father of Bluegrass, and Jimmy Martin and The Sunny Mountain Boys. The tavern is still running today and is called the Cozy Cove. They still bring in big name "Bluegrass" bands from around the country during their Bluegrass Festival in July.

*Skiing Skeeters - 1962*

Eventual civic development led to a school, cemetery and town hall. The airport came after World War II when public enthusiasm for aviation burgeoned.

The Manitowish Waters Skiing Skeeters water ski club is one of the oldest amateur water ski clubs in the U.S., established in the late 1950's. The first statewide barefoot tournament held in the U.S. was sponsored by the Skeeters in 1964 - which they won. National publicity of the event established Manitowish Waters as the 'Barefoot Capitol of the Midwest.'

Today, Manitowish Waters is famous for its cranberry industry, its location on the Great Wisconsin Birding and Nature Trail, and its breathtaking 10-Lake Chain. It is a community connected by a love for nature, its sparkling waters and the treasured memories made.

Join us in Manitowish Waters to start making your own memories.

# Hiking, Skiing, Snowshoeing

The Manitowish Waters area offers a wide array of trails to hike, bike, ski & snowshoe for all abilities.

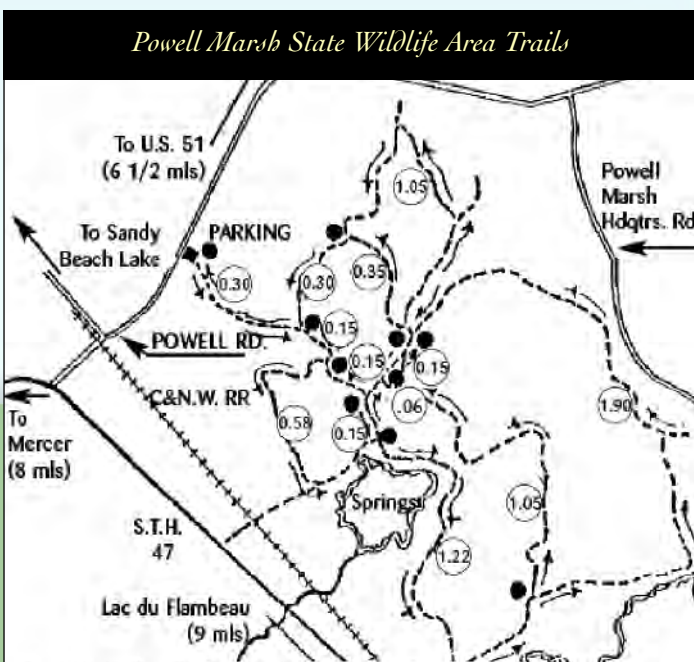

**The Van Vliet (pronounced Van Vleet) Hemlocks** have more than 5 miles of marked trails for hiking, XC skiing, and snowshoeing. This recently developed trail system gives visitors the opportunity to explore and experience an example of what was once abundant in Wisconsin - an old growth hardwood-hemlock forest. The site's 400 acres and mile and a half of undeveloped shoreline represent a rare remnant of this uniquely historic forest system. Walk along undisturbed cedar swamps and undeveloped bog lakes, climb scenic eskers, and take in the richness of the plant and animal life that abounds in this special place. Located on Hwy P just 2.2 miles north of Hwy K on the Presque Isle Chain of Lakes. The Van Vliet Hemlocks contain 1.5 miles of undeveloped shoreline on Averill and Van Vliet Lakes. See map below.

**North Lakeland Elementary School Nature/Cross-Country Ski Trail System** offers 10 miles of looping trails suitable for hiking and cross country skiing. The trails are located on the grounds of the North Lakeland Elementary School and wind through a variety of towering evergreens and hardwoods. During the winter the trails are groomed by volunteers of the North Lakeland/Northwoods Ski Touring Association. The trailhead may be accessed from the north side of the school's football field or from Hwy K and Papoose Lake Road (aprx. 1 mile North of Hwy K on Papoose Lake Road.)

**The Discovery Center**, located 1.2 miles east of Hwy 51 on County Rd. W, provides over 12 miles of well-marked trails for hiking & biking, a beautiful snowshoe loop around Statehouse Lake and the bog, groomed/tracked cross country skiing, plus a one-mile Bill Lambrecht Memorial interpretive nature trail. The gentle terrain winds through woods, around the lake and bog, and along nearby Manitowish River. Snowshoe rentals are available at the Discovery Center for a minimal fee. See map on Page 10.

**Powell Marsh State Wildlife Area** trails are volunteer-groomed and tracked in the winter for great XC skiing and snowshoeing. Hikers of all ability levels are welcome during all other seasons. Trail loops range in length from 1.5, 2.0, 4.5 and 7 miles. Powell Marsh is home to waterfowl, deer, ruffed grouse, furbearers, raptors, shorebirds, songbirds and many other type of wildlife. These trails are located 6.5 miles from Hwy. 51 on Powell Road. From Hwy. 47, the trailhead is just a half-mile in on Powell Road. Cross country ski trails maintained by the Northwoods Ski Touring Association are accessible from North Lakeland School or 1/2 mile north of CTH K on Papoose Lake Road. 715-356-5211 or 715-385-2727. Spring, Summer, Fall, Winter... are ALL family time on the lakes in Manitowish Waters. We are one of the premiere destinations of North Western Vilas County, featuring our "Legendary 10-Lake Chain" that is completely navigable.

Our fishing is legendary, including Muskie, Walleye, Large and Smallmouth Bass, Crappie, Perch, Bluegill and Sunfish. In all of the 10-Lake Chain there are always great opportunities for each specie mentioned, some lakes are better for some types of fish and others are better for other types of fish, always securing a great opportunity for a great day to go fishing.

Whether you take the children all geared up with the bobbers and worms for Perch and Bluegills or you cast for the mighty Muskie, the Manitowish Waters Chain of Lakes has what you are looking for. There is a full service Marina located in the middle of the chain for fueling up your boat or renting a boat for the day or week.

Winter is one of the most exciting times to fish the Manitowish Waters Chain of Lakes. We have boat landings on several of the lakes with access for your 4 Wheelers and Snowmobiles. Pulling your portable or permanent ice shelters onto the ice is easy. There are bait & tackle shops located in Manitowish Waters for all your fishing needs. The fish are biting and the friendly people of our area are waiting for you to arrive!!

Hunting is very popular and wide spread throughout our Northern Highland-American Legion State Forest which is where Manitowish Waters is located. Deer hunting, Snow Shoe Hair, Grouse, Turkey, Bear, Small Game and Big Game opportunities are available for all hunters to enjoy.

With thousands of acres of public land to hunt, and thousands of acres of public water to enjoy, we offer a fantastic year round destination for everyone!

# Birding

The town of Manitowish Waters was honored as one of 15 inaugural Bird Cities in Wisconsin in 2010. Come celebrate the peak of spring bird migration at the 9th Annual Birding Festival on May 10 – 11, 2013 at the North Lakeland Discovery Center, hosted by the North Lakeland Discovery Center, the Discovery Center Bird Club and Manitowish Waters and Presque Isle Chambers of Commerce. Learn about birds through workshops, hikes, paddles and field trips, or just enjoy the gorgeous Northwoods scenery. Please see details under the events on page 4.

In the Town of Manitowish Waters, there are three sites on the Lake Superior Northwoods Region of the Great Wisconsin Birding & Nature Trail. These are great places to view many endangered or rare birds in their natural habitat.

**Powell Marsh State Wildlife Area** (trail map on page 11) has an 1,800-acre refuge located in the middle of the 4,300-acre property. Bird species most commonly seen are Bobolink, Great Blue Herons, Yellow Rail, Songbirds, Marsh Hawks, Common Loons, Eagles, Sandhill Cranes, Northern Harriers, Sharp-tailed Grouse, LeConte's Sparrows, Short-Eared Owls, Nelson's Sharp Tailed Sparrows and Henslow's Sparrows.

**Northern Highland - American Legion State Forest** has many bald eagle sightings in their nesting habitats. Birders may spot the Alder Flycatchers, Vesper Sparrow, and Yellow-bellied Sapsucker and a lucky one or two may also spot a Gray Jay. This 220,000+ acre forest is Wisconsin's largest property.

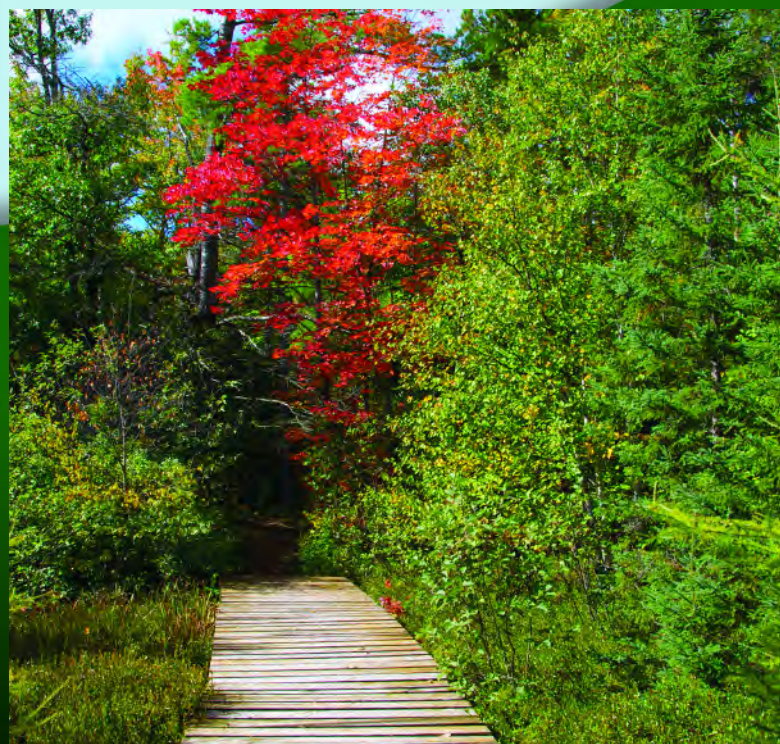

**North Lakeland Discovery Center** (trail map on page 10) The Center offers a variety of self-guided trails ideal for bird walks, as well as a number of public programs related to birds. Migrating songbirds, raptors, and waterfowl can be found along the 12 mile trail system. Most commonly seen species are Trumpeter Swans, Winter Wrens, Warblers, Vireos and the Belted Kingfishers. Experience the 22-station breeding bird trail which highlights birds you will likely encounter in various locations throughout the 12 mile trail system.

There's great natural beauty in the Northwoods that inspires many artists who make their homes and studios in our area. We are proud to have a wide variety of art and art activities in our midst.

Visitors are offered opportunities to enjoy and participate in this creative bounty. There are exhibits to visit, festivals to stroll and galleries that highlight the work of area artists.

Not to be missed is the Manito Art League's Annual Art Show. The exhibit presents an excellent overview of the fine work being produced by area artists. This year it will be held July 18 - July 21 at the Manitowish Waters Community Center.

Florie Enders

For those wanting an up-close and personal experience, the Northwoods Art Tour is a must. The self-guided tour winds through the back roads of the Northwoods to the studios and galleries of area artists. The Summer Tour will be July 26-28 and the Fall Tour October 11-13. There are artist demonstrations and original artwork for sale at all locations. You can pick up your tour map at the Manitowish Waters Chamber of Commerce.

Seeking a hands-on experience? We have that too. Manito Art League & Your Arts Program offers many programs and workshops. Visitors are welcome to join the Outdoor Artists. The group meets every Thursday morning June - August to "create" together. Just bring your sketchbook, camera, or painting materials and join in the free fun.

There are numerous galleries and shops open year round. The Artists Palette in Manitowish Waters and Moondeer and Friends Gallery in Boulder Junction both offer works from many local artists. You can see all types of mediums from many different artists and take home a unique piece of art that will remind you of your wonderful vacation to the Northwoods for years to come.

Performing arts also abound in our area. Campanile Center for the Arts located in Minocqua is an all-inclusive art center. This beautifully renovated Catholic Church, complete with auditorium and stage, offers music, art and theatrical classes as well as hosts numerous national touring and local performances. All aspects of instruction in the arts are available in group and individual instruction settings.

Whether you wish to take home something unique, want to take in a live musical performance, just enjoy looking at art or want to try your hand at creating, there are opportunities in Manitowish Waters for everyone!

# THE CRANBERRY MARSHES

Photo courtesy of Eric Johnson.

The Manitowish Waters Cranberry Growers consists of five marshes ranging in size from 63 acres to 186 acres, totaling about 600 acres. These marshes were started soon after World War II in an area of Wisconsin that was not yet known for cranberry production. These pioneers undertook building what is today - a major scenic and economic contributor to Wisconsin's Northwoods. The cranberry marshes surround the northeast 1/3 of Little Trout Lake, a pristine 1,000 acre nearly-uninhabited lake, which is located along the southern edge of the Manitowish Waters town line.

Visit [www.cranberryinstitute.org](http://www.cranberryinstitute.org) for up-to-date health information, and [www.wiscran.org](http://www.wiscran.org) for the Wisconsin State Cranberry Growers Association. Remember to mark your calendar for Cranberry Colorama Saturday, September 21, 2013! Cranberry Harvest generally runs late-Sept to mid-Oct.

### ***FUN FACTS ABOUT CRANBERRIES:***

1. Since 1995, Wisconsin has produced the largest crop of cranberries – currently about 57% of the United States' total production.
2. Cranberries grow on low-lying vines in beds layered with sand, peat, gravel and clay. These beds are commonly known as bogs or marshes.
3. Fresh cranberries can be frozen at home and will keep up to nine months; they can be used directly in recipes without thawing.
4. Fresh cranberries are firm, not squishy, and will bounce if dropped.
5. According to Ocean Spray's website, the cranberry got its name from German and Dutch settlers who started calling it the "crane berry" because of the flower's resemblance to the head and bill of a crane.
