**YOUR OWN 5 ACRE
RETREAT WITH ROOM
TO ROAM IN THE
LOVELY UNSPOILED
PINELAND PRAIRIES
OF COLLIER COUNTY**

Collier County is truly today's Florida Frontier — land of opportunity. Practically unknown to most Americans until a few years ago, it is now rapidly becoming one of Florida's leading truck farm, dairy farm and cattle grazing counties . . . and today it contains some of Florida's fastest growing communities. Naturally, property values have risen steadily, and

will continue to do so as development progresses. Rainbow Acres offers YOU an opportunity for sound, long range investment. It is in the heart of Collier County, 9 miles east of State Road 29, 11 miles north of U.S. Highway 41 (Tamiami Trail). World famous Everglades National Park is 12 miles away. A newly approved "Farm to Market" state road, to

be built, will pass 4 miles to the west, connecting the Tamiami Trail with the Farmer's State Market at Immokalee. In addition, Rainbow Acres is within 16 miles of Florida's currently producing oil fields.

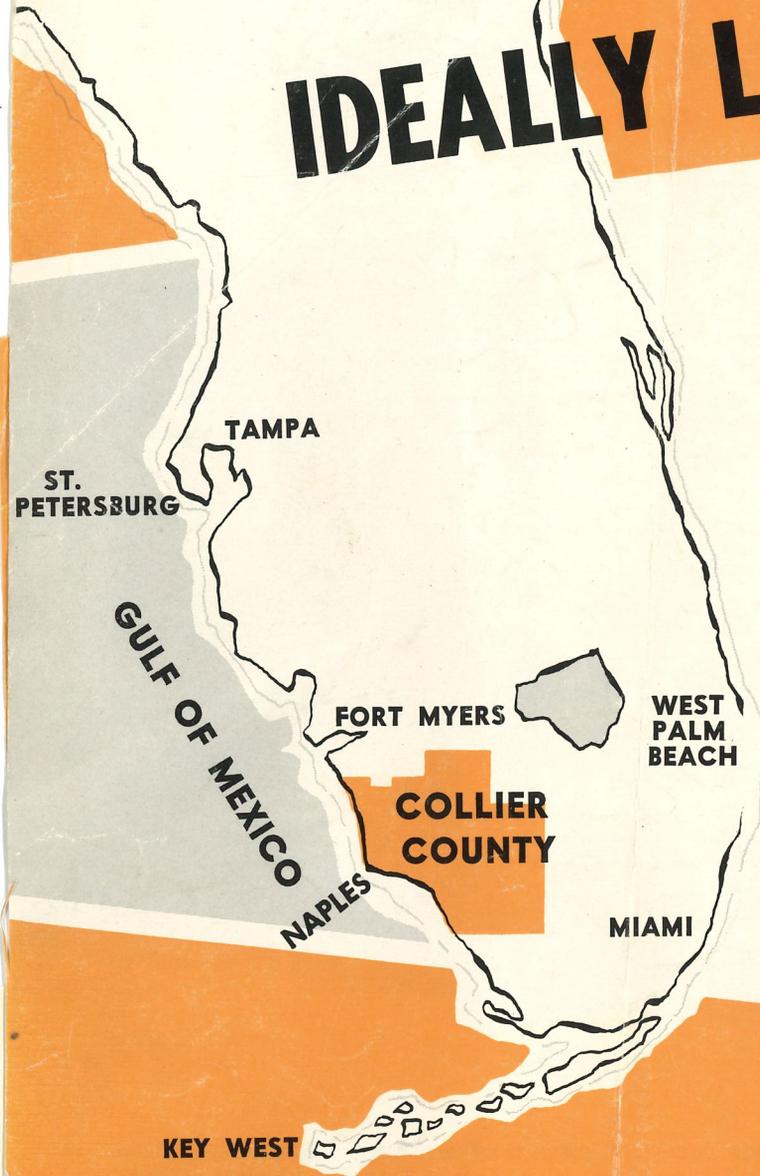

Rainbow Acres averages 12 feet above sea level, with the land to the south sloping gradually to the

Gulf of Mexico. When developed, the area should be ideally suited to truck farming and cattle grazing.

The sandy marl-base soil gives promise of rich vegetable crops. Here is real opportunity for the 'canny' soul with an eye to a wise investment.

94.11.4

IDEALLY LOCATED . . .

Rainbow Acres is in the heart of Florida's second largest county. It is divided into five acre tracts. You can buy a single tract or as many as you wish, all with 25% oil and mineral rights. 5 acre tracts are \$595.00 each. Terms: \$25.00 down, \$10.00 monthly, with no interest, no strings attached, no gimmicks.

Rainbow Acres sales are handled by one of Collier County's pioneer firms, with offices located in Naples.
