

Fairhope Couriers

Fairhope Courier Collection (“Courier Collection”): The Fairhope Courier newspapers are part of the FSTC Collection. All *Fairhope Courier* newspapers from the first issue in August 1894 through 1972 have recently been scanned. At present, years 1894-1909 and 1911-1914 are cataloged in these Online Archives. Years 1911-1914 are cataloged by months due to the large size of the files. The scans are searchable PDF files.

Use Keyword Search words “Courier Collection” to access the papers. For a specific year, type “Courier Collection” with the year: “*Courier Collection*” and 1899.

FSTC is in the process of identifying a premium searchable platform to accommodate our entire collection of newly scanned papers (1894-1972). The Fairhope Courier is of significant historic importance, not only to Fairhope’s history, but to the history of the single tax movement and U. S. history. We look forward to providing the public with free online access to our entire collection of these high-quality digitized papers.
