A black and white photograph of a single-story bungalow house. The house features a prominent front porch with a gabled roof supported by columns. To the left of the porch is a large, multi-paned window. A large, leafy tree stands to the left of the house, casting a shadow on the lawn. In the foreground, a small sign is planted in the grass. The house has a light-colored exterior and a dark roof. A satellite dish is visible on the roofline. The overall scene is a well-maintained residential property.
