No school can succeed and improve without spirit. Whether it be in band, athletics or in the individual class rooms, this spirit or fight comes from every organization and every activity.

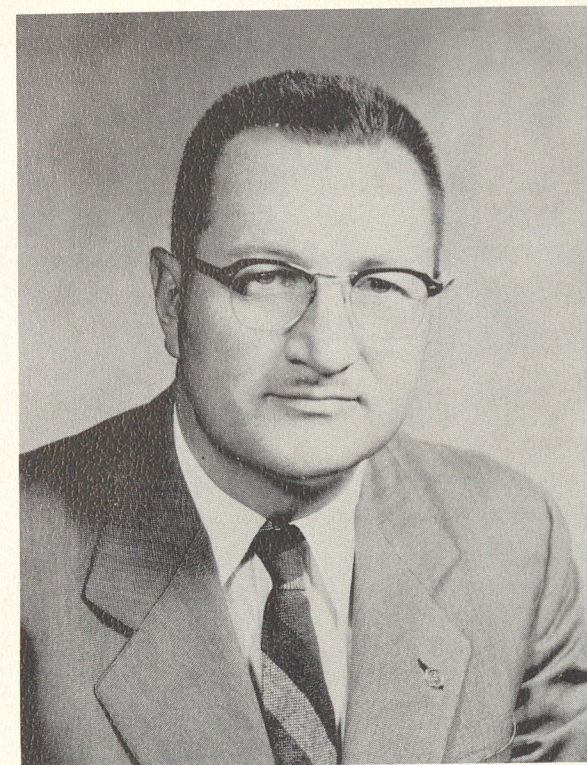

Spirit does not come by merely attending school, joining organizations or having your name on the list. It is made up of pride, loyalty, and co-operation combined with the best interests of the school and fellow students at heart.

To this type of spirit we dedicate our 1954 HOOFBEAT.

Administration

SUPERINTENDENT'S MESSAGE

"Liberty means responsibility", and without education we have no liberty, in fact we have nothing. School is a place of formal education where we learn in part to accept our responsibility toward our fellowmen. May this year as you turn back the pages of this book give you a feeling of this liberty and encourage you to accept your challenge in responsibility and life.

Class History

Sept. 6, 1950, eight boys and girls entered Meeteetse High School as freshmen. The main functions of this year were the initiation by the sophomores and the return party which we gave them.

The officers chosen to head the class were: president, Billy Huhnke; vice president, Vernafay Asay; treasurer, Shirley Bihr and secretary, Bruce Richardson.

Our sophomore year found the entire class returning with Melvin Clark joining us. We elected our officers early in the year: president, Melvin Clark; vice president, Vernafay Asay; secretary, Shirley Bihr; and student council, Lester McLean.

This year we lost Shirley Bihr and Melvin Clark. Carl Fisher joined us the latter part of the year from Bowlegs, Oklahoma.

When our junior year opened there were eight of us. Bert Schmitt entered as a junior from Worland, Wyoming. The officers were as follows: president, Bert Schmitt; vice president, Carl Fisher; secretary-treasurer, Vernafay Asay. The highlights of this year were the class play, "Honey in the Hive", and our junior and senior prom, given May 2, 1953.

During our senior year the officers were: president, Bruce Richardson; vice president, Carl Fisher; treasurer, Susie Medina; and secretary, Vernafay Asay.

Those boys going out for sports were Billy Huhnke, Bert Schmitt, Carl Fisher, Bruce Richardson and Lester McLean.

Those attending school here all twelve years are Lester and Wesley McLean, Susie Medina and Billy Huhnke.

Those attending all four years of high school in Meeteetse together were Bruce Richardson, Susie Medina, Vernafay Asay, Billy Huhnke, Lester McLean and Wesley McLean.

Class Will

We, the senior class of 1954, Meeteetse High School, being of sound mind (we hope) and heartless soul, hereby publish and declare, on this 15th day of May, in the year of our Lord, our last will and testament.

To the next year's seniors we leave our ability to get away with "murder".

To the oncoming juniors we will our class rings with hopes that they will buy their own.

To the school we leave the lonely halls, the quiet classrooms and the good conduct after we've gone.

Bruce wills his well-worn football shoes to anyone that thinks they can fill them.

Carl wills his acting ability to Madelyn Peoples.

Bert and Lester will their crewcuts to Deanna Osburne and Margaret McLean.

Billy wills his place in the typing room to anyone that can sleep through the noise.

Vernafay wills her reading ability to Donnie Heiden with the hope he will use it on history.

Susie wills her ability to argue to anyone that can argue more than she does.

Wesley wills his locker to anyone that has enough junk to fill it.

Lester wills all his girls to Donnie Heiden since he only has one year left.

Bert wills his "Bucket of Bolts" to anyone that dares to drive it.

Carl wills his front seat in English class to next year's teacher's pet.

Billy leaves his dancing ability to Dick Wilson.

Vernafay wills her height to Babe Florida in hopes she will get half the size.

Susie wills her ability to be lazy and get away with it to Eddie Mae Hogg, if she promises to use it wisely.

Lester and Bert will their football shoes to Pete Roussan and Roger Slack.

Wesley wills his English book to Dan Reynolds and hopes he will fill it out.

Carl wills his ability to get along with teachers to anyone that can stand them.

Vernafay leaves all of her good grades to Anita Brothers.

Susie wills her house plans to anyone that can read and understand them.

Billy wills his place in the band to anyone that can carry the horn.

Lester and Bruce will their places in band to anyone that will take them.

To all the oncoming classes, teachers, and all those who help make our school, we leave our "best wishes for the future years".

Signed and sealed on this date by the Seniors of 1954.

Class Prophecy

Mr. George: "Well, I wonder what's on the news tonight. Guess I'll turn the radio on."

"Ladies and Gentlemen, good evening to you on this day of January 11, 1960. There are some names in the news tonight.

BILLY HUHNE, the famous jet air force pilot, has just flown at 2700 MPH. His plane, The Mad Music, was designed and built by Billy. Mr. Huhnke, you will recall, is to accompany Carl Fisher at their singing engagement at Carnegie Hall. Carl Fisher and Billy Huhnke were class-mates.

VERNAFAY ASAY has just set up a shop. Yes! She has become a mechanic and is making quite a profit from her garage. Miss Asay attended college to become a teacher, apparently the life of a mechanic was more appealing. Miss Asay writes mystery stories in her spare time and is planning to marry a millionaire from Texas.

LESTER McLEAN, the famous movie actor, has just married his sixth wife. He says this will be the last one, but he said that the other times too. You may now see him starring in "Crooked Boots". Skeeter, his horse is believed to be the gentlest horse in the movie business, also the oldest.

BERT SCHMITT, the millionaire playboy, has just lost his last cent gambling in Las Vegas, Nevada. Bert made his fortune selling bubble gum to the pygmies in Africa. He now has a job shepherding and is thinking of a new scheme whereby he can get rich again. He is planning to sell all of his homes, cars, etc., and live in a tent.

SUSIE MEDINA, who has attended West Point, is planning to join the French Foreign Legion. Miss Medina being an actress plans to retire to her Florida mansion after she gets out.

CARL FISHER has finally made it back to Oklahoma after fifteen trips around the world. He is very glad to be back. It is noteworthy to know that all these trips were made hitchhiking.

BRUCE RICHARDSON, alias Brucey The Bum, was captured today. He was trying to rob the First National Bank of New York single-handed. He would never have been caught if he had not stopped to pick up a lady's handkerchief. Bruce has always been a gentleman, he is safe in the Meeteetse jail now.

WESLEY McLEAN is living back in Meeteetse now. He was lucky and found five stars in a box of cracker-jacks. Everyone thinks he's a general now. He is planning to attend college and learn English so that he can go to Bongo-Bongo and teach the people there. He had quite a time with English in school so he wants to help others.

This concludes tonight's news, but before I go I would like to say that all the peoples I mentioned in the news tonight were in the graduating class of Meeteetse High in 1954."

Mr. George. "Ooooooooooh! I knew it! I knew it! They will do anything to be in the news. But you know they weren't such bad kids after all....."

Senior Class Play

If Mother Only Knew

JANET MAXWELL

Mother, about 38. A very attractive woman, always neat. Has an extreme fondness and love for her husband and family.

AUNT MARY

Mother's aunt. A tiny little woman of about 65, gray hair, glasses, and she's a bundle of energy and activity.

CONNIE

Daughter, 17, and a freshman in college. She's sweet, pretty and a very sensible girl.

BETTY LOU MAXWELL

Daughter, 15. Cute and peppy. Has reached the point where she can solve deep, emotional problems with an insight far beyond her years.

BERNADINE

Betty Lou's pal, 16. Is also cute and peppy, and in actions and ideals is a virtual carbon copy of Betty Lou.

WILBUR MAXWELL

Son, about thirteen or so. He's virtually an atomic bomb personified, with a horrible habit of exploding at any or all times.

HERCULES NELSON

Wilbur's bosom pal and cohort. He's about Wilbur's size and seems to have about the same capacity for rocking boats.

Mr. JOHN MAXWELL

Father, definitely fortyish, greying just a little about the temples. He's usually the easy-going type, but if things don't go right, he's immediately up in the air, running to Mom for consolation.

GLADYS GOOCH

Mother's former college roommate. With a doctor's degree in Library Science. Gladys is about Mother's age. Is the happy-go-lucky, ram-bunctious, slap-'em-on-back, type.

CHARLES "BRAINS" BURKE

About 18, Connie's one and only. He's the typical college sophomore.

DR. JEFFRY GOOCH

Gladys's husband. He's a little short chap in his sixties.
