TEACHERS ENJOY VACATIONS

School will soon be out, and "O boy!" are we glad. Every night I dream about what I am going to do this summer and I know the rest of you are, too. We're glad to leave dear old Mayflower, but we're glad to leave our studies. I know Miss Moore and Miss Force are going to have a swell time in Europe. Mrs. McLeod is going to have a good time in her cabin up in the mountains. Miss Scofield is going to have fun driving back to Wisconsin and Miss Hartly has some more work to do at summer school. Miss Cromwell is going to work her head off keeping house in Hollywood. Miss Wiley is going to spend her vacation at home. Mrs. Calahan doesn't yet know, but she may do something real exciting. Miss Clayton may take some short trips. But whatever they do or wherever they go, we all wish them a happy vacation.

THOSE GOING TO IVY

Now since there is only two weeks more of school, we'll have to start thinking about the members of our school that are going on to Ivy. They are all very sorry to go and we are sorry to lose them. The ones who are going to Ivy are: Lucile Vertain, Patsy Price, Janet Eastman, Katherine Lynn, Anita Tarr, Marguerite Bender, Mary Ellsworth, Patsy Burr, Ralph Fishman, Edgar Golden, Henry Shatford, Lloyd Griffiths, Harry Baker, Byron Monroe, John Hoffman, Bob Ellery, John Strong, Billy Marshall, Wesley Lindgren, Dick Klein, Henry Null, Chas. Renshaw, John Haman, Billy Lockwood.

HUNTINGTON BEATS MAYFLOWER

May 26 the Huntington Girls' B came up to Mayflower. The game was played on the upper diamond because there were two games played at Mayflower. The score was 23-6 in the favor of Huntington. The line up was the same.

Second inning, Mayflower 2 runs; Huntington 4 runs.

Third inning, Mayflower 3 runs, Huntington 1 run.

Fourth inning, Mayflower did not score; Huntington 4 runs.

Fifth inning, Mayflower did not score; Huntington 6 runs.

There was only one home run on Mayflower's side and this was made by Kate Lynn. It was in the second inning.

There are thirty names in all and we are hoping we find every one of the seventh graders on the roll before the end of the semester.

Ralph Fishman.

FIFTH GRADE ART WORK

The fifth grade has been making tapestries for art work. One is an Indian tapestry, which we have finished, and the other is a Spanish tapestry, which is almost finished.

We also made some Spanish scarfs, which were very pretty. They had many flowers with quite a few colors and looked very attractive. The boys' scarf had stripes of red, yellow and orange with black in between.

FIFTH GRADE NEWS

In the fifth grade we bought some fases with our P. T. A. prize money. We got three vases, two small ones and a large green one.

We are planning on making a forty-niner tapestry. That will make our third one.

In geography we are studying United States and South American countries.

THE MAYFLOWER SCHOOL PAGEANT

The school pageant was a great success. We had a very large crowd. We had a wonderful night for it and the lighting was good. Mr. Burner and two of his assistants furnished old time dance music for the fifth episode. We had two Mexican dancers, that danced a Spanish dance in the fourth episode.

The seats that were used in the pageant were brought from Ivy avenue school. They seated about 450 people. The mission bell was loaned to us by the Arcadia breakfast club.

Mr. Jackson was responsible for the lights.

Mr. Wathey sold tickets.

Mr. Burr and Mr. Duell took up the tickets.

We are very grateful for all these people who have given their assistance.

Victor Cohen.

EDITORIAL

Once more the school year is drawing to a close and we of the 7A are leaving dear old Mayflower, not entirely without regrets because we are very proud of our school and have learned to love our teachers and schoolmates.

We feel that this year has been a very successful one. Mayflower is endowed with a wonderful school spirit, and whatever our undertaking has been, it has been usually met with a great deal of enthusiasm, as every one who attended our pageant will testify. We had a wonderful crowd and a good program. The pageant was given out on the lawn in the patio and every child in the school had a part. It was given in six episodes, from the time the white men came until the present. First was portrayed the Indians, their modes of living and their customs, then came the English explorers, who took the land in the name of their queen. The third episode showed the missionaries and the Franciscan fathers. The fourth episode showed the Spaniards and their customs, the fifth bringing the discovery of gold and the forty-niners, and the last showing the future California with all its splendor.

I also want to speak of our school orchestra at this time. We had the opportunity the other night of being on the program at the Orange avenue school. We had a great many compliments on our playing, and I hope next year more pupils will join and not only make it the best, but the largest orchestra.

I would like to thank each and every one for the co-operation and spirit we have had with our paper and with a fond farewell, I am wishing you all a happy vacation.

Your Editor.
